Welcome to Falmouth!

We offer our Summer Language Experiences from the wonderful Penryn Campus, part of Falmouth University. This modern university campus is a perfect location for our Summer Language Experiences.

The campus provides fantastic classrooms and on-site dining facilities and we are just a few minutes from Falmouth town and its wonderful beaches.

The Falmouth & Penryn area has a wide range of accommodation options including B&B accommodation, luxury hotels and private apartments and houses. We are always happy to assist in the booking of your accommodation.

River Cruise from Falmouth to Truro

The River Fal is a beautiful tidal estuary that connects the historic towns of Falmouth with its long maritme history and Truro, the capital of Cornwall with its fine cathedral and Georgian city centre.

To introduce you to Cornwall, we love to take you on the tranquil river cruise that links these two towns. It takes just under an hour to cruise up to Truro with an interesting audio tour of historic sites along the estuary.

On arrival in Truro, we provide the option for a guided tour with us around the cathedral and the Royal Cornwall Museum or you can explore the town independently. Then, we will all meet up for a cream tea before returning to Falmouth.

Tintagel Castle & King Arthur

One of the most famous legends from Cornwall is the story of King Arthur. After learning about King Arthur's connection to Cornwall in class, we will head off to the amazing castle where King Arthur was born in Tintagel.

The location is spectacular with a wonderful new bridge connecting the mainland to the castle. Of course, there will also be time to explore the ancient, magical town of Tintagel to buy some special King Arthur souvenirs too.

Cornwall's Great Gardens

No trip to Cornwall would be complete without visiting at least one of its historic English country gardens. For anyone who loves flowers, plants and trees, these gardens are home to the most wonderful array of plants and flowers from around the world.

Most of the houses and gardens in Cornwall were built by people from Cornwall who had made their fortune from the tin and copper mining industry at the start of the Industrial Revolution. While nowadays people might buy super yachts to display their wealth, in the Victorian era, the fashion was to create the most spectacular gardens using plants imported from around the world.

The location of Cornwall in the gulf air stream and the steep sided valleys near the coast made it the perfect location for growing tropical plants that would not normally grow in this part of the world. Now 200-300 years later, these mature gardens can take you on a journey around the world along pathways dappled in sunlight with gentle aromas and fresh air.

As well as the gardens, the houses maintained by the National Trust - also give a fascinating window back in time to how these people lived.

Walking on the South West Coast Path

As well as visiting gardens, we will also ensure you get to enjoy the wonder of the South West Coast Path during your time with us. The houses, gardens and coast of Cornwall are all inextricably linked.

We love exploring these wild and historical pathways with students, sharing stories, enjoying picnics and even taking a dip in the sea.

English classes

All our programmes include 15 hours per week of English classes. Each morning you will join our engaging and communicative English language courses! Students get to practice and develop their English language skills in a small group with students of a similar level and age.

Our qualified and enthusiastic teaching team provide lessons to practice all four skills: reading, writing, speaking & listening. The main focus will be on natural, spoken English and students will get to learn lots about the history and culture of Cornwall with lessons closely linked to the excursion programme.

Watersports

Cornwall is surrounded by the sea
with hundreds of fantastic beaches to choose from!

For those adults interested in spending more time being in the ocean during their time in Cornwall, we can provide additional watersports sessions during the week. Just let us know if you would like our extra watersports option on Tuesdays, Thursdays and Saturdays. It is completely flexible, and you are welcome to choose how many watersports sessions you would like.

All the watersports we offer are delivered by our expert partners with their teams of staff who love getting people in the water around Cornwall.

Even if you have never tried these sports before, Cornwall is the perfect place to try them for the first time. We work with some brilliant organisations who will ensure you are completely safe in the water and that everyone has a great experience!

Tour of St Michael's Mount & Marazion

The trip to St Michael's Mount is a guaranteed student favourite. We always make sure we take you at the perfect time so you get to experience the changing tides. At low tide you can walk across to the island but then, when the tide comes in, the only way to the island is by boat.

For those students who like an extra challenge, it is great fun to walk back to the mainland just as the tide is coming in!

After enjoying the guided tour of the castle, there is always time for an ice-cream in the garden and a stroll around the pretty village of Marazion.

The Eden Project

Since opening in 2001, the Eden Project has become a world-famous tourist attraction.

Where else in the world, can you go from tropical rainforest to a Mediterranean paradise within a few footsteps?

The huge biomes that house the Eden Project are among the biggest in the world and it is such an amazing place to learn about the importance of preserving our plant biodiversity around the world.

The Minack Theatre & Porthcurno

Our afternoon and evening excursion to the Minack Theatre is always one of the highlights of our summer programme. The Minack is a spectacular outdoor theatre carved into the cliff.

We will arrive in the afternoon to enjoy some time on Porthcurno beach and a little coast walk before climbing the cliff for the evening performance.

We have had some of our most memorable evenings here watching a play as the sun goes down and with dolphins in the bay below.
