The Island of Ibiza

4

Welcome to the Instituto de Idiomas Ibiza

"Education is not preparation for life; education is life itself."

John Dewey, Philosopher

The Beautiful Island of Ibiza (summer season & winter season)

Ibiza is the ideal place to learn Spanish

Ibiza is possibly the most beautiful island in the Mediterranean. After your classes and before the sun goes down, there is so much to do in Ibiza: It offers 54 of the most beautiful sandy beaches within 15-20 minutes travel time. Small quiet beaches, long white beaches alive with people and relaxed beach bars and hidden bays you can discover day after day. The nature here is incredibly beautiful.

Ibiza Town

The Colourful Spanish Lady

Ibiza Town is the island's capital and with around 50,000 inhabitants it is also the largest town in Ibiza. It claims legendary status for its beauty and colourful nightlife. Whether you've come here for the clubbing or a lazy family holiday, Ibiza Town's cultural heritage usually comes as a complete surprise. Nobody talks about the fortified town that rises to a dizzy peak on the sunbleached cliffs above the Mediterranean Sea. Regular visitors and locals are used to it. However, in 1999, Ibiza Town's historic centre became an Unesco world heritage site, and ever since then more and more travelers have been discovering its antiquities for themselves. So whether you come to enjoy the sun and mild climate, to discover the day and nightlife, the beaches, the nature or the gastronomy, you will have it all here during your language course.

Truly Spanish:

The Island of Ibiza is a mirror of the Hispanic society, as its thriving economy attracts people from all over Spain and Latin America. In Ibiza the main language is Spanish with all its different accents: Andalusian, Northern Spanish and the different Latin American accents.

The world famous nightlife is located just outside Ibiza Town on a beach called Playa d'en Bossa, during the summer months in San Antonio and in some of the biggest clubs in the world, which are some 7 km outside Ibiza Town in the countryside so as to guarantee a low noise level in the city. As a result, Ibiza Town maintains its unique Mediterranean and mainly Spanish atmosphere within the city and its beautiful port.

**San Antonio****The Buzzing Beauty**

This beautiful former village of fishermen and farmers has become the touristic hotspot of the island. With only around 16,500 inhabitants during the pre-season months of May and June, and the later months of September and October, it's perfect for couples to enjoy the new promenade, the safe, shallow waters of the bay and the fantastic beaches, which are just a short ferry ride away.

The high season months of July, August and the beginning of September is the best time to come if you are in your late teens and early twenties looking for buzzing nightlife and the most beautiful sunsets you can imagine. San Antonio is home to the world famous Café del Mar where Chill Out music was born, and from here you can get to some of the most stunning beaches of the island, like Cala Conta and Cala Bassa, which are only 10 minutes outside the town.

Santa Eulalia**The Silent Secret**

This small town of only 8,000 inhabitants is known for its quiet atmosphere. Its beautiful seafront promenade is right in the city centre. It runs the length of the wide, curved beach, adorned with palm trees, miniature gardens and a large fountain facing the sea. Here you will also find the only river in the Balearics running into the sea. A pretty, peaceful river-walk meanders up to the Roman bridge which has now been carefully restored. Midway, a footbridge spanning the river gives onto another pretty, paved walkway leading to the little beach of Cala de S'Alga in the neighborhood of Siesta with its small-village atmosphere.

Your Spanish studies at the school

Every student has individual learning goals and distinctive ways of studying a language, therefore they also have different needs. We are well aware of this fact. At the Instituto de idiomas Ibiza we make sure that everyone gets the opportunity to reach his or her personal goals and that they benefit as much as possible from the course.

Each week you will have two different teachers. They will rotate every day so you will be exposed to two different ways of speaking and working.

A level test at the beginning of your course ensures that we place you in the right group at the right level. Each Thursday a progression test takes place to make sure that students have understood and are able to use the contents learned during the week. It shows you exactly the status of your development and gives you and the teacher the opportunity to continue, or revise, in the best way possible.

"I had a great time here in Ibiza. Liliana has been an awesome host, she was always nice to us and if we ever needed anything we just had to ask for it.

I met new friends and enjoyed the nightlife as well as the various beaches I've been to. School was great too, all the teachers were caring and nice.

I absolutely recommend Ibiza, although it's quite expensive, it's totally worth the money!

Thanks again to everyone!"

This course is designed for your career development in Spain or with Spaniards.

"Thank you for everything! Before I started the course I didn't speak Spanish at all.

Now I speak Spanish fluently and self-confidently – with some grammar mistakes, but I can speak Spanish! I'm very very happy!

My time in the school was the best time of my life and I'm thankful to every fantastic teacher - for their support and their lovely character.

Celia, Chus, Anna, Miriam, Maria José and Merce are incredible teachers.

Thank you very much! They were my Spanish family!"

Jobs

During the summer season, Ibiza offers many jobs in cafes, restaurants, hotels and clubs for students with a good level of Spanish. The salary can start at around 6€ per hour going up according to your abilities and experience.

If you hold an EU passport, you can work while you are in Ibiza. Students on a Visa cannot work in Spain.

Arriving by ferry is much slower, but certainly more romantic. Ferries to Ibiza leave from Barcelona, Valencia, Denia or Mallorca.

From the Ibiza airport you may take either the bus as the low-cost option, the taxi or the private airport transfer. The last being the most comfortable option.

To get around the island, you can rent a car or a scooter to explore on your own. During the summer months the public transportation system is very good and during the winter it maintains its good coverage. But however, buses operate with less frequency.

Insurance

The Instituto de Idiomas Ibiza has arranged for you to have a comprehensive insurance coverage specifically designed for your stay at a very good price. The insurance covers, for example, cancellations of your stay or medical problems during your stay. Please ask us about the insurance policy.

How to Get to Ibiza

You can travel to Ibiza either by plane or by ferry.

During the summer months from approximately March/April until October there are direct flights from almost all European airports.

During the winter months you might have to travel to a major Spanish airport like Madrid, Barcelona, Valencia or Mallorca and then take another plane or ferry to Ibiza.

"I am French and speak English and Italian.

After many schools I attended, I really want to underline this is one of the best schools I've been to..

Many thanks to Irene and Daniel for creating a Spanish school in Ibiza. The perfect place in Europe to learn Spanish and have fun.

I did four hours per day for five weeks, without any problem. I've learnt a lot of very useful things and I already consider myself a young Spanish speaker ;-).

Daniel and Irene were very kind and helpful with everything."

Other Languages?

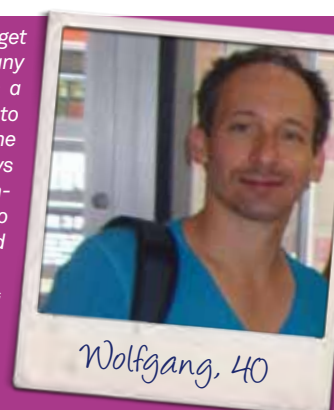

The Instituto de Idiomas Ibiza is an international Language School which means that Spaniards also learn languages here. Besides Spanish, we also offer English, German, French, Russian and Italian courses. So you will also have the opportunity to meet locals who might be learning your mother tongue.

On a regular basis the school organizes language exchange events after the orientation walk on Mondays in a local bar. Join us, meet people and make friends.

"I could improve my Spanish and also get in touch with local people and with many students from all over Europe. It was a great experience. The staff at the Instituto de Idiomas Ibiza are very helpful. The teachers are quite demanding but always find the right balance between high-level-classes and fun. The Instituto also organized a room in an affordable and well located apartment for me.

The balance of getting „brainfood“ during the day and beats during the night was just perfect for me."

I had a wonderful experience with Instituto de Idiomas Ibiza. The staff and teachers went above and beyond the call of duty, both to advance my understanding of the Spanish language and to help me get situated on the island. All in all, a fabulous immersion experience in a truly gorgeous European locale.

Instituto de Idiomas Ibiza Language School

"Ibiza is a great island and very multifarious. I have already done several courses at the Instituto de Idiomas Ibiza. I am persuaded by the professionalism of the school, that's why I come back every year. The teachers are patient and humorous and they create a friendly atmosphere in which you can enjoy studying. The classes are very practical and you can immediately use the new knowledge outside the school in the daily life. I have also met wonderful and special people here, and some of them became good friends. One thing is for sure – I will come back."
