THE LOCATION

BENALMADENA, MALAGA

Benalmadena's municipal area stretches from the foothills of the Sierra de Mijas to the sea, where it occupies a short coastal strip.

Benalmádena Pueblo (the old town) evokes calmness with its a picturesque urban landscape of narrow streets and plazas, while Benalmádena Costa brings a holiday feel with a long coastline divided into 15 beaches.

Arroyo de la Miel a vibrant community, is a pretty locality where a large number of leisure attractions are concentrated.

SOME HISTORY

The Arabs gave the village its name, which appears to be derived from Banu Al Madena, meaning "sons of the mines", a reference to the important mineral deposits which had been heavily exploited since Roman times.

Prior to the Muslim occupation, Benalmadena was colonised by Phoenician merchants.

The presence of a sugar and honey cane factory, the sweet residual waters of which gave the area its name (Arroyo de la Miel translates as the Stream of Honey).

THE CLIMATE

Benalmadena enjoys a subtropical Mediterranean climate, with hot summers and warm winters. Cooling breezes from the sea make the summer heat manageable and temperatures are an average of 30 °C in summer and 17 °C in winter.

THE BEACHES

Benalmádena also offers no fewer than 15 beaches, among which the Bil Bil, Santa Ana, Arroyo de la Miel and Fuente de la Salud are the most outstanding.

One of the most loved beaches in Benalmadena is Playa de Santa Ana: due to its protected, shallow waters and gentle sloping banks making it a perfect place for all the family.

This whole stretch of beach has excellent facilities and is the place for locals to have their evening walk: The promenade is ideally suited for a nice walk, have a drink or a bite to eat, in one of the many bars and restaurants that run its length.

HOW TO GET HERE

By air: Malaga International Airport is just 12 kms from Benalmadena and operates daily domestic and international flights. From the airport a light train will take you to Benalmadena/Arroyo de la Miel station in only 15 minutes. It runs 7 days a week and every 20 minutes from outside the arrival hall.

By train: if you arrive at Malaga city train station "Maria Zambrano" the easiest way to get here is to take the light train leaving from the station daily, every 20 minutes. The light train will reach Benalmadena/Arroyo de la Miel station in approx 25 minutes.

Taxis: A taxi stop is located just outside the arrival hall. The journey takes 15 minutes to Benalmadena.

Transfer service offered by the school, by private car, from Malaga airport to Benalmadena

Meet-and-greet One way: € 45 - **Return:** € 80 per person
Extra person (travelling together to the same address): supplement 5 € per journey

TEACHER TRAINING

INTRODUCTORY COURSE TO TEACHING SPANISH FOR FOREIGNERS

Aimed at those teachers who do not yet have a long career in the field of ELE teaching or those who aspire to dedicate themselves to the fascinating world of teaching Spanish as a foreign language, in different contexts and with a varied class: children, teenagers and adults.

Main objectives of this course:

- Become familiar with the main documents used to establish the international standards that define language competence.
- Know the skills to develop to become a good teacher.
- Manage a theoretical framework from which you can move with confidence in the different levels of established knowledge.
- Learn how to plan classes and courses.
- Design activities adapted to the levels and the students.
- Evaluate and reflect on learning to adapt teaching strategies.
- Observe classes of different levels and types of students.
- Carry out a final project in the last week to successfully pass the course.

PARTICIPANTS: Adults dedicated to teaching Spanish with a minimum level of B2, preferably C1 or C2

NON-NATIVE TEACHER REFRESHER COURSE

Throughout the years we have seen how many teachers of Spanish have experienced further developing stagnation in their level of knowledge due to multiple factors: most of their students move between levels A1 and B1, lack of options at home to maintain and improve their Spanish, lack of free time to dedicate to further develop their skills, and so on. We believe this refresher course provides an extremely wide range of new ideas which can be taken away and immediately applied to their classroom.

Main objectives of this course:

- Perfect the participants' knowledge of Spanish.
- Deal with the newest methodological and pedagogical issues.
- Present the latest trends in the use of new technologies applied to the classroom.
- Provide teachers with the tools that can help them create bridges of interculturality.
- Deal in depth with the subjects that involve the most difficulties in linguistic aspects for higher levels.
- Immerse ourselves in the social and cultural reality of the Hispanic world for their work in the classroom.
- Reflect on the teaching capacities of assistant teachers and activate them to the maximum.

In short, an update of your knowledge and skills, a way to bring your Spanish alive, ready to face any type of situation that may occur in the classroom.

Minerva

I stayed in Benalmádena and visited Maravillas for three weeks this year. The school is completely different from schools in Germany I know (I don't mean primary school or college) and dang I loved it! The rooms looked typical for Spain and had modern tech, it was clean and the teachers were just perfect. They always were friendly, helped wherever they could and they have such a good humour! Thanks to that and thanks to my international class, we basically laughed for the whole school day. Thanks to that, I improved my Spanish far more than in my many years in secondary school...

Kevin Plummer

A truly excellent experience. My wife and I studied at Colegio Maravillas for 5 weeks during December 2019 to January 2020. We both had some knowledge of Spanish; reasonable vocabulary, present tense capabilities, etc. However, during our time at Maravillas we both felt that our knowledge of tenses (Present, Preterito Perfecto, Preterito Indefinido), vocabulary, sentence construction, ability to listen and make ourselves understood as well as confidence improved exponentially. The staff at Maravillas are all incredibly helpful, encouraging and friendly - without exception. We have both travelled extensively, but cannot beat the experience of learning in such an openly nurturing environment....

Aysun Tekçe

Experienced professors and warm ambience. Especially for Beginners it's a great experience for adapting in Spanish and Spain.

Sohila Javidmehr

The teachers are the most professional. I love the cafeteria and buffet service. There are many excursions and activities in the afternoon where we can practice Spanish.

Mark Powell

Maravilloso! I love this language school. The teachers are wonderful and there are always outings, lectures and tutoring offered after class time. The tutoring is free and many of the lectures and outings are free also. There are a few outings that have an additional charge but that is because of their is an admission fee or a fee for transportation. My teachers are very experienced language teachers - they know the right mix of pedagogy and conversation/cultural learning. When my head is about to split open with grammatical things, they insert conversation and cultural and practical lessons. Whew! what a relief and so rich! I highly recommend this school. I give very few 5 stars in my reviews but Colegio Maravillas deserves all 5 stars.
