MESSAGE FROM THE DIRECTOR

When I opened Foyle International in 1990 it was initially to meet the growing demands of European students wishing to learn English in the rapidly expanding European Union. Since then the school has gone from strength to strength, meeting the demands of a global market and teaching students from all corners of the world, with offices in China and India, putting Derry and Northern Ireland firmly on the world map for English language learning.

We were delighted to become the first private language school in Northern Ireland to receive British Council accreditation. Our direct links with the local UK business community, Health Boards, Aviation Authorities, colleges of Further & Higher Education and universities can provide a platform for students to progress in career or studies, which is vital in a competitive global marketplace for employment. We continue to improve our online learning facilities and develop innovative learning techniques, making it more flexible and easier for students to access material, monitor progress and communicate with tutors.

I believe that the future will be a creative and challenging time for the school. I have every confidence that these challenges will be met by the school's expert and committed administrative and teaching staff. I look forward to welcoming you to Foyle Language School and wish you well in the course of your choice.

PAUL MURRAY
INSTITUTE DIRECTOR

*Come along and
live the language!*

ABOUT THE SCHOOL

99% of students rated our help & support as Very Good or Excellent

We understand that learning English is about so much more than just lessons. Our integrated approach helps you to use the language that you learn in the classroom out in the real world.

Our combination of lessons, activities, excursions, and immersion in local life means that you develop not only your language skills, but also your confidence, fluency and interpersonal skills.

ABOUT THE SCHOOL

Foyle International is the oldest English language school in Northern Ireland. Established in 1990, we have helped thousands of students from all over the world to speak and use English confidently and fluently. Our friendly, efficient staff and highly experienced teachers ensure your time here is well spent. Past students have even included members of the European Parliament who were delighted with the personal care and attention they received, the stimulating classes and the excellent social itinerary offered.

The school occupies a suite of beautifully renovated Georgian buildings which overlook the historic city walls, right in the heart of the Derry, giving students access to all the local amenities. The ground floor houses the reception, admissions office, student support offices. There are ten large classrooms over the upper 4 floors, as well as a student computer room and relaxation lounge, a self-study suite, resource room and a faith room for private worship. There is also a sun terrace for students to sit and enjoy coffee and relax.

Where to start? Coming here to Ireland at such a young age is really a big opportunity. Derry is such a delightful city, everyone here is very warm and always carry a smile on their faces. The people you'll meet here (at Foyle or even around the city) will leave a huge mark in your heart and trust me: you'll miss them so hard that you won't be able to not shed a tear. Eleven weeks passed by quickly but like I learnt on my first internship "This is not a goodbye but yes I'll see you later."

English Classes

On arrival you'll be tested, graded and placed in a class at the appropriate level. Our curriculum is based on the British Council Core Inventory and on the Common European Framework of Reference (CEFR). Our structured English classes will help you improve your grammar, vocabulary, reading, writing and listening skills with an emphasis on improving your confidence in spoken English.

By keeping a diary contributing to our school blogs you'll be improving your written skills too. During the course your progress is monitored. At the end, you will be presented with a course certificate and end-of-course report.

Surfing & Social Programme

Students surf each morning or afternoon and all surf gear is provided. Evening social activities allow students to relax and use their English in a variety of fun ways. On Saturdays and Sundays students can enjoy day trips to some of the country's best loved tourist hot spots.

Derry & Northern Ireland

Derry is Northern Ireland's second city with a population of over 150,000 and is the regional capital of the North West of Ireland. It is situated on the banks of the River Foyle, from where the school takes its name.

Derry (which comes from the Gaelic name 'Doire' meaning 'oak grove') is one of the oldest continually inhabited areas of Ireland. Derry is Ireland's only completely walled city and one of the finest examples in Europe.

It is a university city with a young population and exciting social scene. Derry is also a centre for cultural and musical creativity with great festivals and international events such as Jazz and Big Band Festival; Celtic Festival of the Sea; Foyle Film Festival; Maiden City and Celtronic Festivals; Gasyard Feile; Foyle Regatta, One-World Festival as well as a host of other events. The biggest event in the city is the Halloween Carnival at the end of October which brings people from all over Ireland to the city to take part in the massive street party and fireworks display- it really is an experience not to be missed!

Derry is the perfect place to learn English. It is a relatively small city but packed with lots to do. It is a very safe location and doesn't suffer from an over-saturation of foreign students like so many UK cities in the summer months - giving you the best opportunity to really meet and speak with locals!

"It has been a very exciting month I had an awesome time here in Derry and at Foyle International. These people have been my family for a month and I won't ever forget them. Also I want to send a special greeting to my teacher Jane who has been one of the best I've had in my whole life. Thank you for everything, I'm sure we'll see each other again." Jorge 22 from Spain
Jorge studied with us for 1 month on an intensive language programme.

ACCOMMODATION

Home Stay Accommodation

One of the most popular types of accommodation is staying with a local host "family" on a full board or half board basis. This means living with the family as a household member, eating and relaxing with them. We have an excellent pool of host families in Derry who live in close proximity to the school. All our host families are selected after meeting the highest criteria. Our families are chosen because they are interested in hosting international students and have something to offer each guest staying with them. We take special care in the selection of families as we know that the host family plays a central role in ensuring that students time spent in Derry is an enjoyable one. The Irish are renowned for their warmth, generosity and friendliness. Staying with an Irish family is a very enjoyable and beneficial means of getting to know Irish people and an excellent way to use and practice English. Students are guaranteed friendly and personal attention throughout their stay.

A homestay will include:

- ▶ a safe, clean and comfortable home with a kind and caring family
- ▶ an English-speaking environment
- ▶ a private, furnished room with study space
- ▶ bed linen
- ▶ healthy meals and well-balanced diet
- ▶ kitchen and laundry access, as arranged with family

Self Catering Residential House

We have several shared residence houses located in the city for adult students. The fully furnished four and five bedroom houses have shared kitchen, bathroom and living areas and are ideal for independent students who would like to cook for themselves. They are situated in residential areas generally close to the city centre.

Self Catering Residential Apartment

In the summer months students can choose to stay in a university student village apartment, sharing with up to five other local and international students. There are five single bedrooms, two bathrooms and two shower rooms per apartment with shared kitchen/living room facilities. There are also en-suite apartments available. The student villages are approximately 15 – 20 minutes walking distance from the school.

"It was a wonderful experience for me. They're like my second family. Especially my host mother was like my own mother. She did my hair, make up and she did a lot of delicious food. I would like to come here again."
Seda Merve Karakaya, 19 from Turkey
