Language Improvement for Teachers

Course Overview

As teachers of English, or of other subjects through English, it is vital to be confident in your own use of English in the classroom.

This 50-hour course focuses on developing your use of English. It is a highly practical course which will increase your confidence and help to maximise the amount of English spoken in your classroom. The course covers key areas such as giving instructions and feedback, eliciting, conveying and clarifying meaning, leading classroom discussions and facilitating speaking activities. It will also help you to be more confident in the design of materials, including language development resources. By the end of the course you will have improved your own language ability and acquired practical strategies to improve your English independently once you return to your classroom.

Who is the course suitable for?

- English teachers and teachers teaching subjects through English who need to be able to run classes effectively in English
- Participants with a language level corresponding to A2-B2 on the Common European Framework*

*Teachers with a higher level of English should consider courses such as *Advanced Language, Materials and Methodology* or *Content and Language Integrated Learning*.

What will the course include?

As a course participant, you will receive a pre-course questionnaire, which should be returned prior to the course. This is to ensure that the areas of most relevance to you are integrated into the course content.

The course will include content drawn from some or all of the following areas, depending on your contextual and personal needs and priorities:

- Giving effective instructions
- Explaining meaning
- Eliciting
- Giving effective feedback
- Praise
- Discipline
- Explaining difficult concepts clearly
- Describing classroom processes
- Managing classroom dynamics
- Engaging in professional discussions
- Writing effective worksheets

Time will be built into the course for reflection and for you to consider how to adapt ideas from the course to the classroom in your own professional context.

All NILE's courses involve a significant element of English language improvement and/or development of language awareness.
