There are many things that make Impact a special place to work or study, but there is no doubt that our people are very important. Our teachers and staff all love what they do, and do it extremely well. Naturally, all teachers at Impact are fully qualified and experienced, and take part in our regular Professional Development sessions. Our staff and teachers have had the experience of living abroad and learning another language, so they understand exactly what students are dealing with and can relate directly to them. At Impact you can always find someone to assist or advise you – our teachers are not only the best, but sensitive and caring too.

Orientation

On the first day of your program, please come to Impact to begin your orientation. As our class placement

testing is done online before you arrive, the Orientation Day includes specific information on enrolment, study skills, Impact services & facilities, student responsibilities and life in Brisbane and Melbourne. A special orientation program for homestays will also be provided.

Be Job Ready!

We understand the significant life investment students are making in their future. Through programs such as Business English, Barista/Café English and weekly Job Clubs, students will learn about writing job applications, going for interviews, and Australian workplace culture. At Impact, we are committed to helping students to achieve their career goals. Upon request, an information pack regarding resume preparation, job interview language and techniques, customer service, and Australian workplace routines is available.

ICON (Learning Management System)

We are using the Moodle platform to deliver an even better study experience for all Impact students. ICON

connects students with their teachers, classmates and their learning. It is designed to make students' study experience even more connected.
