Passion for Teaching

Our passion for teaching and helping others have also led to a passion for education. **The Intensive Spanish Language Program** is open to everyone and enrolls an enormous number of students. This is the core program at *The Center for Linguistic & Multicultural Studies*. This program is also very **popular with professionals**. *No more than five students are assigned to a professor*, who works on a personal basis with each student. We encourage interactions with **real-life language scenarios** and activities that increase language motivation.

Components of the Program:

- 📖 Intensive Spanish Language Class
- 📖 Latin American or Grammar Courses
- 📖 Cultural Lectures or Conversation
- 📖 Optional Classes

Hosting with Passion

Your host family is a great resource for practicing the local language and creating a total immersion environment. We have been placing students with **"Mexican Host Families"** as a means **to enhance students' Spanish skills** and their understanding of our Mexican culture. *Our goal is to help you study Spanish in a place where Spanish is not a classroom subject, but the way to express yourself daily.*

"Of all the languages schools in Mexico –and they number in the hundreds – this may well be the best".

Passion for Living and Discovering

Intercultural communication is an important part of a person's intercultural competence, or the ability to function effectively across cultures. *We encourage interaction with Mexican students as part of our program; this competence enables the individual to interact with people of other cultures and remain aware of cultural differences.*

Field trips are one of the best tools that we can use to provide every student with real-world experiences, each experience that a student participates in contributes to their **understanding of the world**. We offer excursions and **field trips** to places of historical and cultural interest including the great *Pyramids of Teotihuacán*, *The Amazing Frida Kahlo and Diego Rivera Museum*, the largest and most visited museum in Mexico, *National Museum of Anthropology*, *Puebla* and the city of the angels & *Taxco*, known as the "World Silver Capital" among others.

Discover the **Mexican** Culture Through the Spanish Language

Cuernavaca is considered to be one of the best locations in Mexico to study Spanish as a foreign language. We are lucky to be located in such a beautiful city, a city known as "The City of Eternal Spring," Cuernavaca. Year-round Cuernavaca maintains mild climates with average temperatures between 75 and 80 °F degrees. A perfect location to come and learn the language and culture.
