OUR PHILOSOPHY

HISTORY

The school was founded in 1993 as a 'Caffè Culturale' in Tropea, in Southern Italy. In 2004, it was officially recognised by the Italian Ministry of Education, University and Research (23860/P of 30.11.04) and after twenty years of experience, we opened a second centre in Trieste, in north-eastern Italy.

CULTURAL DIFFUSION

Our school's goal is to promote the Italian language and culture in its most varied and authentic aspects. We work tirelessly to offer courses and activities in which language learning is undertaken, integrated and strengthened by coming into constant contact with Italy's cultural heritage.

THE WEB PORTAL FOR ITALIAN CULTURE

(www.italianculture.net)

We have created and financed a web portal that is known as a meeting place and source of information for anyone who is passionate about Italy looking for the latest news about cuisine, design, and tourism. The portal offers a wide range of services that can be of assistance to all those who share our vision of experiencing Italian culture.

TROPEA

TRIESTE

OUR SCHOOLS

Trieste and Tropea are located at the extremes of the Italian peninsula, in historic, spectacular regions, far away from mass tourism destinations. Although they are very different places, they share many characteristics perhaps because of the similarity of their environments.

Seafaring cultures are linked to rugged, unspoilt landscapes, and their proximity to UNESCO sites encourages an ongoing relationship with history, art and archaeology.

BOUTIQUE SCHOOLS

Both schools are located in elegant historic buildings in the historic centres of Tropea and Trieste, close to the sea and in constant interaction with the vibrant lifestyles of these two delightful towns.

The two small boutique schools have comfortable multimedia classrooms in which lessons (with no more than 6 students) turn into experiences of cultural exchange in a pleasant and professional atmosphere.

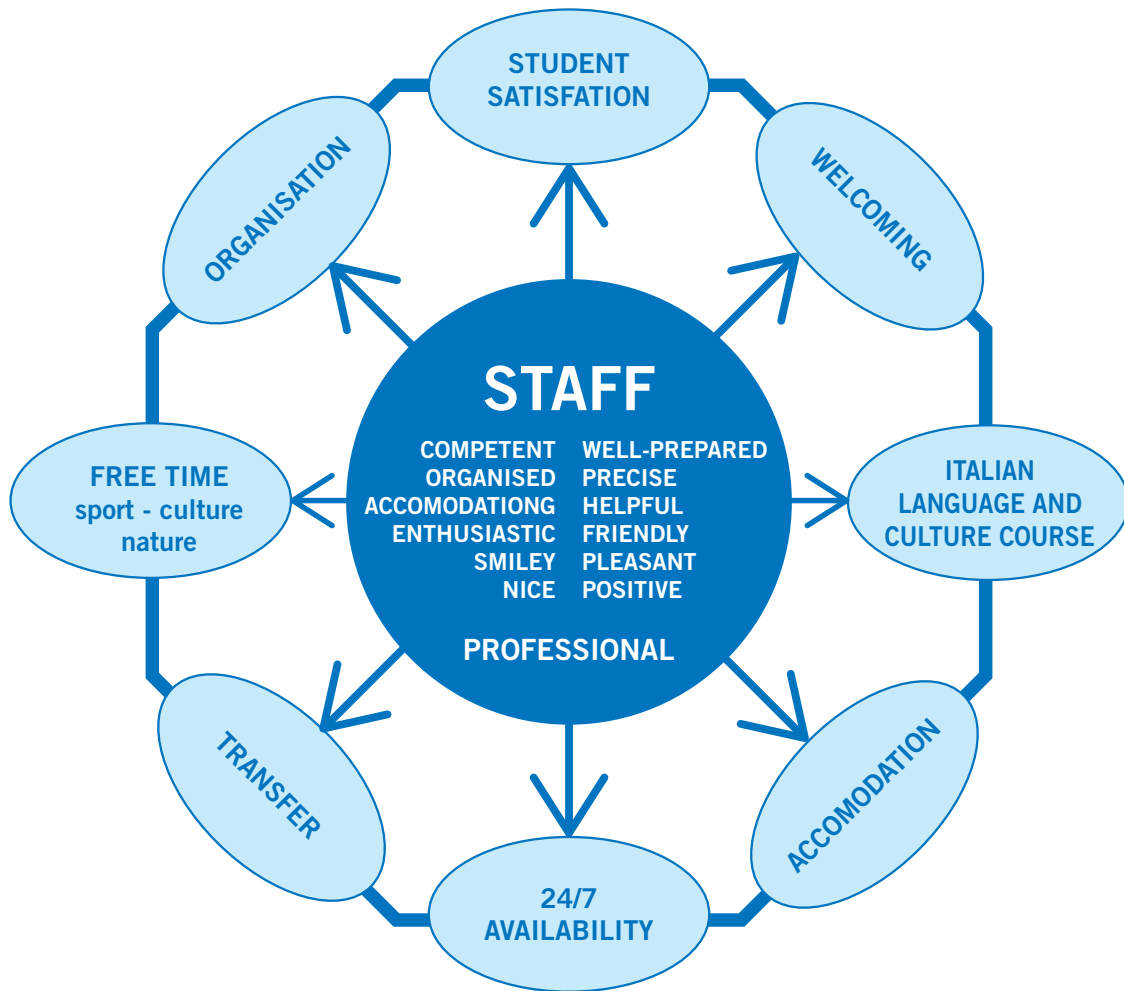

MISSION

We want our school to be a warm and welcoming place where the interaction between people from all over the world encourages linguistic and cultural exchange, and where the desire to learn Italian brings all our students together through truly enjoyable experiences.

Our 15 language levels ensure that each student will be placed in the class that is most appropriate for them.

SERVICES

Our school guarantees a comfortable and pleasant linguistic stay thanks to the many services we offer, from organising students' travel to their accommodation in flats/residences/hotels, from our qualified teachers' attention to the linguistic needs of students to extracurricular activities organised by experts (excursions, guided tours, special courses in art, music, singing, cooking and sport).

PICCOLA UNIVERSITÀ ITALIANA

COURSE GUIDE

TEACHING METHOD

Our Italian native instructors are certified for teaching Italian to foreigners and teach the language through the communicative method, using Italian as the language of instruction. This method favours the greatest possible development of students' linguistic abilities.

Our didactic library is constantly updated with new materials. Alongside modern and professional Italian language textbooks, integrated with audio CDs and CD-ROMs, we also use literary texts, films, songs, magazines and newspapers during lessons.

GUARANTEE OF LANGUAGE LEVEL

On the first day of lessons (Monday) at 8 am, students take both a written and an oral exam, the results of which determine which group the student will join.

Our programme follows the linguistic levels as defined by the Common European Framework of Reference for Languages (A1, A2, B1, B2, C1, C2), which is the basis for recognising linguistic competence. We also have 9 sub-levels in order to offer our students an amount of 15 different levels, all of which are designed to satisfy their individual needs.

REGULATIONS FOR STANDARD GROUP COURSES

In order to ensure an ideal learning experience, the number of students is limited to 6 per group. Each lesson lasts 55 minutes and each group has 4 hours of lessons daily: 2 hours of grammar and 2 hours of conversation with two different teachers:

(9am – 1 pm or 2pm – 6 pm) Trieste

(9am – 1pm or 4pm – 8pm) Tropea

If a group of at least 3 students at the same linguistic level cannot be formed, then this student will be assigned individual class “2 to 1” or “1 to 1” with the number of lessons reduced by half. In this case, the course has 2 hours of daily lessons: 1 hour of grammar and 1 hour of conversation with the same teacher.

The school offers standard and intensive Italian language courses for small groups (from 3 to 6 students), private courses or a combination of the two, along with exam preparation courses (CELI, CILS, PLIDA, IT), business Italian, Italian for special interests (art, music, cuisine, scientific interests) and courses for senior students.
