Brighton

Our exciting city

Brighton is one of the most cosmopolitan cities in the UK and located just 50 minutes from central London by train. It has much of what London has to offer; a significant difference being that Brighton is a seaside resort city.

Brighton is the UK's most popular seaside destination and a truly exciting city with its own identity. Brighton is a unique, upmarket and welcoming place mixing historic buildings, diverse nightlife, trendy boutiques, a rich theatrical and music scene, fabulous clubs and bars, family entertainment, eclectic shopping, 2 universities and a beach front which is one of the most visited in the UK. Not only that, but with the beautiful South Downs National Park close by, offering stunning scenery.

Brighton is famous for the Royal Pavilion; the home of King George IV (The Prince Regent) which he often visited as a holiday destination leading a luxurious lifestyle. Since the eighteenth century, Brighton has had the reputation for being a relaxed and vibrant city. Londoners have been travelling to Brighton and the beach ever since the railway arrived in 1841 to bathe in the sea and they still do today to get away from the pressures of city life. Brighton Palace Pier and the Royal Pavilion are the main sights, but you will also find hundreds of pubs and clubs attracting an energetic crowd. The city is now also home to the Brighton i360, the world's thinnest moving observation tower (162m) with views along the coast, across the South Downs and across the English Channel.

Brighton comes alive when the sun is shining; people fill the streets and visit the beach at every opportunity. Brighton is one of the lead cities in the UK to host a Pride festival, a celebration to promote equality and diversity (LGBTQ+). The major event is an annual summer festival held in the first week of August which consists of a parade through the city centre, an event in Preston Park and the Kemp Town Village Party with major artists performing.

For a quieter place in the sun, go west along the seafront towards Hove and pass the old West Pier (Brighton's ghostly pier that caught on fire in 2003)., Brighton is an all–season city and even though it can be crowded on a hot summer's day, it is still very busy all year round.

If the city–life is too much for you, you can always have a break in the fabulous South Downs National Park. Just take a bus or train and in 20 minutes you can be walking in the countryside or a historic town enjoying some of the most beautiful coastline views England has to offer.

If you like football, then you can visit the American Express Stadium and watch Brighton and Hove Albion (also known as "The Seagulls") who play in the premier league. In 2023/2024 Brighton & Hove Albion also qualified for their first UEFA Europa League campaign, they came first in their group and advanced to the knockout phase.

Whatever it is you are looking for to complement your studies and free time, Brighton has a lot to offer.

Teenage vacation students are housed in a shared bedroom. Homestay accommodation encourages students to speak more English outside of the classroom and make new friends from around the world.

On the day of arrival the homestay provides information about the local buses and how to travel to and from school so they are prepared for their first day at BLC International. Homestays serve breakfast, lunch and dinner in the week. Hot lunches are provided by Brighton University for our Summer courses.

BLC International provides transfers at the times below for students arriving and departing from Heathrow or Gatwick Airport on Sundays (please check the website for updates).

A BLC International representative will be waiting for students in the arrivals hall at the airport. Once the BLCI representative has collected students from the arrivals area, they are taken to a coach that is ready to go to our main school in Brighton.

Upon arrival at the school, a weekly Brighton bus pass is given to all teenage course junior students, who are then collected by their host and taken to their new home.

Kids Courses

Kids courses are innovative and challenging; designed for children to build their confidence and to engage with the English language. BLC International uses a theme based approach with an emphasis on speaking to develop communication through carefully structured and interactive activities in class.

All students are assessed on their first Monday at BLC International and put into their correct age appropriate class level.

As a parent you can study at the same time as your child studies, or just relax and enjoy what Brighton has to offer.

BLC International can provide home stay accommodation for families of up to 2 living together. We recommend larger families book their own private accommodation through specialist agencies in Brighton. The college can recommend a selection of agencies if requested.

Explorer 2

Your child develops key skills from an early age through communicative activities contributing to the rapid development of their language recognition and performance. The course is designed to ignite your child's learning desire through the initial stages of language learning or to facilitate and increase confidence already gained. A range of class exercises from reading and writing to listening and speaking are used in class through a syllabus which is dependent on the level of the student. Explorer 1 is designed for students age 7-9, Explorer 2 is designed for students age 10-12.

Explorer 2+

Explorer + students complement their morning tuition with an exciting activity programme designed to promote communication in stimulating environments.

Children study 3 hours of classes each day Monday to Friday then have carefully guided afternoons activities. The activities are an exciting part of the afternoon which also improves English communication skills as Explorer + students interact with each other together and with their Explorer + BLC International leaders.

Activities finish for 16:15 every day, when your child is collected by you from the school.
