SUIVI RÉGULIER ET PERSONNALISÉ

Placement test - improvement

When you enrol you will be asked to do a writing level test. This is to enable us to place you in the appropriate group the day of your arrival at Ciel Bretagne. As soon as you join the class after the welcome meeting, your teacher checks your level of oral communication.

Your improvement is verified through daily homework and a weekly test organized every Friday morning.

Certificate

Whatever the duration of your stay at the school and the type of course you choose to do, you receive a certificate at the end which gives the dates, the number of hours and the level of the course you have completed (provided you have attended a minimum of 80% class).

For groups, we provide a pedagogical report giving details of marks, attendance, participation, and an individual appreciation.

Guided autonomous work

Every week, a teacher is at your disposal to guide you in your learning and allows you to reinforce the knowledge acquired in class through specific personal work.

You will find numerous resources at the library available to help you achieve your goals.

Ciel Bretagne is official examination center for CLOE, certification of CCI FRANCE

The CLOE Certification makes it possible to assess and certify the general and professional skills in French as a Foreign Language (but also German, English, Spanish and Italian) from level A1 to level C2 according to the Common European Framework of Reference for Languages (CEFR).

The Written part is based on more than 700 questions calibrated according to the CEFR grid (A1 to C2) with a breakdown by sub-level (B1-, B1, B1 + etc).

The test is adaptive according to the knowledge and skills of the test candidate: the questions are proposed to the candidate according to an algorithm and according to their answers.

For the oral part, the jury uses a questioning tool and identifies the ability to communicate orally in general or professionally.

This certification covers written, listening and oral language skills that meet the skills of employees, students and job seekers in improving their foreign language skills.

CLOE certification indicates the overall level reached + the written level + the oral level completed:

- For the written part, the level of skills in: vocabulary – grammar – expressions – reading
- For the oral part, the level of skills in: listening – pronunciation & intonation – mastery and extent of vocabulary – fluency – grammar and syntax – quality of interaction

Period of validity of the certification: 2 years from the date of the test.

We organize with you your exam session at CIEL Bretagne or remotely on the dates you want.
