TESTIMONIALS

I chose Adelaide and SACE as my aunt lives here and used to be a student at SACE. I enjoyed talking to my classmates from different countries and learning about their cultures. The experience helped me to improve my English skills as well as grown as a person. I would love to come back to study more. **Yuki - Japan**

I chose SACE because of its strong reputation for high-quality English courses and its experienced, supportive teachers. The school provides a great learning atmosphere, small class sizes, and a diverse international student community. I loved the engaging and interactive classes, the friendly and supportive teachers, and the opportunity to meet students from different countries. The learning environment at SACE made studying fun and effective, and I appreciated how the teachers always encouraged us to improve our skills. **Subani – Sri Lanka**

Adelaide was my choise for having a smaller Chinese population compared to other major cities. I most enjoyed studying with students from different countries and sharing special foods and cultures. I often went to Glenelg and played volley ball after dinner. Riding along beach at sunset was my favourite activity. I really rnjoyed my time in Adelaide and would definitely like to come back to SACE. **Zhaouxuan - China**
