LEARN A LANGUAGE BY LIVING IT

Influent was set up to respond more effectively and with more agility to the changing needs of language students and hosts around the world.

Experiential learning, education and sharing knowledge have taken a leading role in our lives. Influent is anchored in the belief that the best way to learn a language is by living it, so we have designed language immersions and experiences that are highly personal, effective and more importantly, enjoyable.

The concept: You stay with your host or teacher, and learn the language by living it: through personalised language lessons and/or activities, communication with your host, mealtimes with the family, outings, interaction with new friends, cultural visits... You are totally immersed in the language you are learning, you are the only student and the programme is entirely adapted to your language learning needs.

Influent has a worldwide team of Hosts, Regional Managers, Agent Partners and Language Learning Experts all working together to deliver tailor-made, one-to-one language courses to suit your personal requirements.

We offer courses for language students of all ages (from children and teenagers to professional adults and retirees), for all levels (from beginners to advanced), and we are proud of our track record and the positive student feedback we receive.

Our priority is providing quality service at every stage of your immersion to enable you to achieve your language objectives while living a unique experience of communication, personal fulfilment and cultural discovery.

We very much look forward to helping and supporting you with whatever your goals may be: progress with your education, your career advancement or simply, to live a life-enhancing experience.

CHILDREN, TEENAGERS & YOUNG ADULTS

A Safe, Supportive & Caring Environment

At Influent, we understand that a safe and supportive environment is essential for a successful language-learning experience. Host families are carefully selected for their experience in welcoming young learners and are matched to each student's personality, interests, and needs.

Staying in a friendly, caring host family encourages young students to practise their language skills naturally in everyday situations, helping them build confidence in speaking and understanding their new language.

Every host family is personally interviewed by one of our Regional Managers, and each home is inspected to ensure it meets our high standards of quality, comfort, and safety.

Throughout each stay, our Regional Managers maintain regular contact with both students and hosts, monitoring each placement closely to ensure every student remains happy, safe, and well cared for.

Immersion: The Natural Way to Learn

There is no more effective way to learn a language than by living it every day. By staying and learning with a host, young students are fully immersed in the target language, allowing them to develop fluency, confidence, and natural communication skills far more quickly than in a traditional classroom.

Surrounded by the language throughout the day, students naturally begin to think, listen, and respond without relying on their native language. This constant exposure accelerates progress and makes learning both effective and enjoyable.

Beyond language development, living with a host offers a genuine insight into local life, traditions, and culture. Students experience authentic daily routines, build meaningful connections, and gain a deeper understanding of the country and its people.

The earlier a language is learned through real-life immersion, the more naturally it becomes part of a student's communication. For younger learners, this natural immersion mirrors the way they learned their first language, making progress faster and more enduring.

Tailor-Made Courses

Young language students can customise their Language Immersion to suit their needs. They can combine Home Tuition personalised lessons by adding Leisure Options* such as activities and/or cultural visits for continued practice of what has been learnt during lessons in real-life natural situations. A balanced mix of structured one-to-one teaching and fun activities or cultural exploration will enable them to progress faster and stay motivated throughout their stay.

Students can also choose to add Lesson Options such as Exam or Academic Preparation to improve their language skills for school or university.

Our Lifestyle programme is available for those who prefer to learn through activities only without traditional sit-down lessons: learning the target language while enjoying themselves is often the most effective way to progress at a young age.

*Leisure Options are compulsory for students under 18.

For full details on our programmes and options, see pages 17 to 26.

PERSONAL INFORMATION

It is important that you give us as much information as possible about yourself (allergies, smoker/non-smoker, language level, interests, etc.) in order for us to select the most suitable host family for you.

DESTINATION

We consider the choice of host family more important than the region, so please give us several choices of area in the chosen destination when possible.

HOST SELECTION

Our Regional Managers have personally interviewed the host teachers and inspected their accommodation.

They have a recognised teaching certificate and/or a university degree and have a minimum of 2 years' experience teaching.

They have been selected not only because they are dedicated and professional but also because they have a passion for teaching, can offer a comfortable and hospitable home, are warm, friendly and love sharing their daily life and culture.

Hosts can vary from the traditional family with two adults and one or more children, to one-parent hosts with one or more children or hosts who live alone. Some school teachers host and teach language students during their holidays, some who have retired enjoy teaching on an occasional basis, others enjoy teaching in a different way from home.

TIPS FOR A SUCCESSFUL STAY

CULTURAL DIFFERENCES

Hosts may not have the same way of life as you do, so please be ready to accept the cultural differences which are also part of your language immersion experience. Learning a language is also learning about the country where it is spoken and its people.

SCHOOL HOLIDAYS

Please note school holidays may not be on the same dates as in your home country so children may be at school during your stay.

POCKET MONEY

We recommend that you bring weekly spending money of £100, €120 or US$140 and double these amounts if you have not booked any leisure options.

ACTIVITIES & VISITS

Influent Hosts will welcome you in their home like a friend who has come to stay and will share their daily family life. If you would like cultural visits, activities, sports or excursions, these are options that should be added to your programme.

Activities and/or cultural visit options are strongly recommended for all students, as they enable you to continue practising your language skills outside of lessons as well as learning more about the country and region you are in.

⚠ Home Tuition Programme:

- 10 hours lessons must be combined with General Activities and/or Cultural Visits and/or Farm Activities.
- Students under 18 must book General Activities, Farm Activities and/or Cultural Visits.

⚠ Lifestyle Programme:

- 10 hours activities must be combined with Cultural Visits.

TRANSFERS

Please provide us with full travel details and a mobile number well in advance of your stay if you wish to book transfers.

⚠ Transfers are compulsory for students under 16 unless taken care of by their parents.

BEFORE ARRIVAL

Our hosts are provided with full details concerning you, your preferences and the programme you have booked. We advise you to contact them before your stay to introduce yourself and tell them about your interests, food preferences and expectations. This will help them prepare for your stay.

If you have booked a course with lessons, we advise you to complete our Online Language Test. The results are sent automatically to your host teacher, enabling them to personalise the content of your language lessons in advance to suit your needs.

A Student Handbook is available on request. It contains useful information and answers to questions you may have about your language immersion.

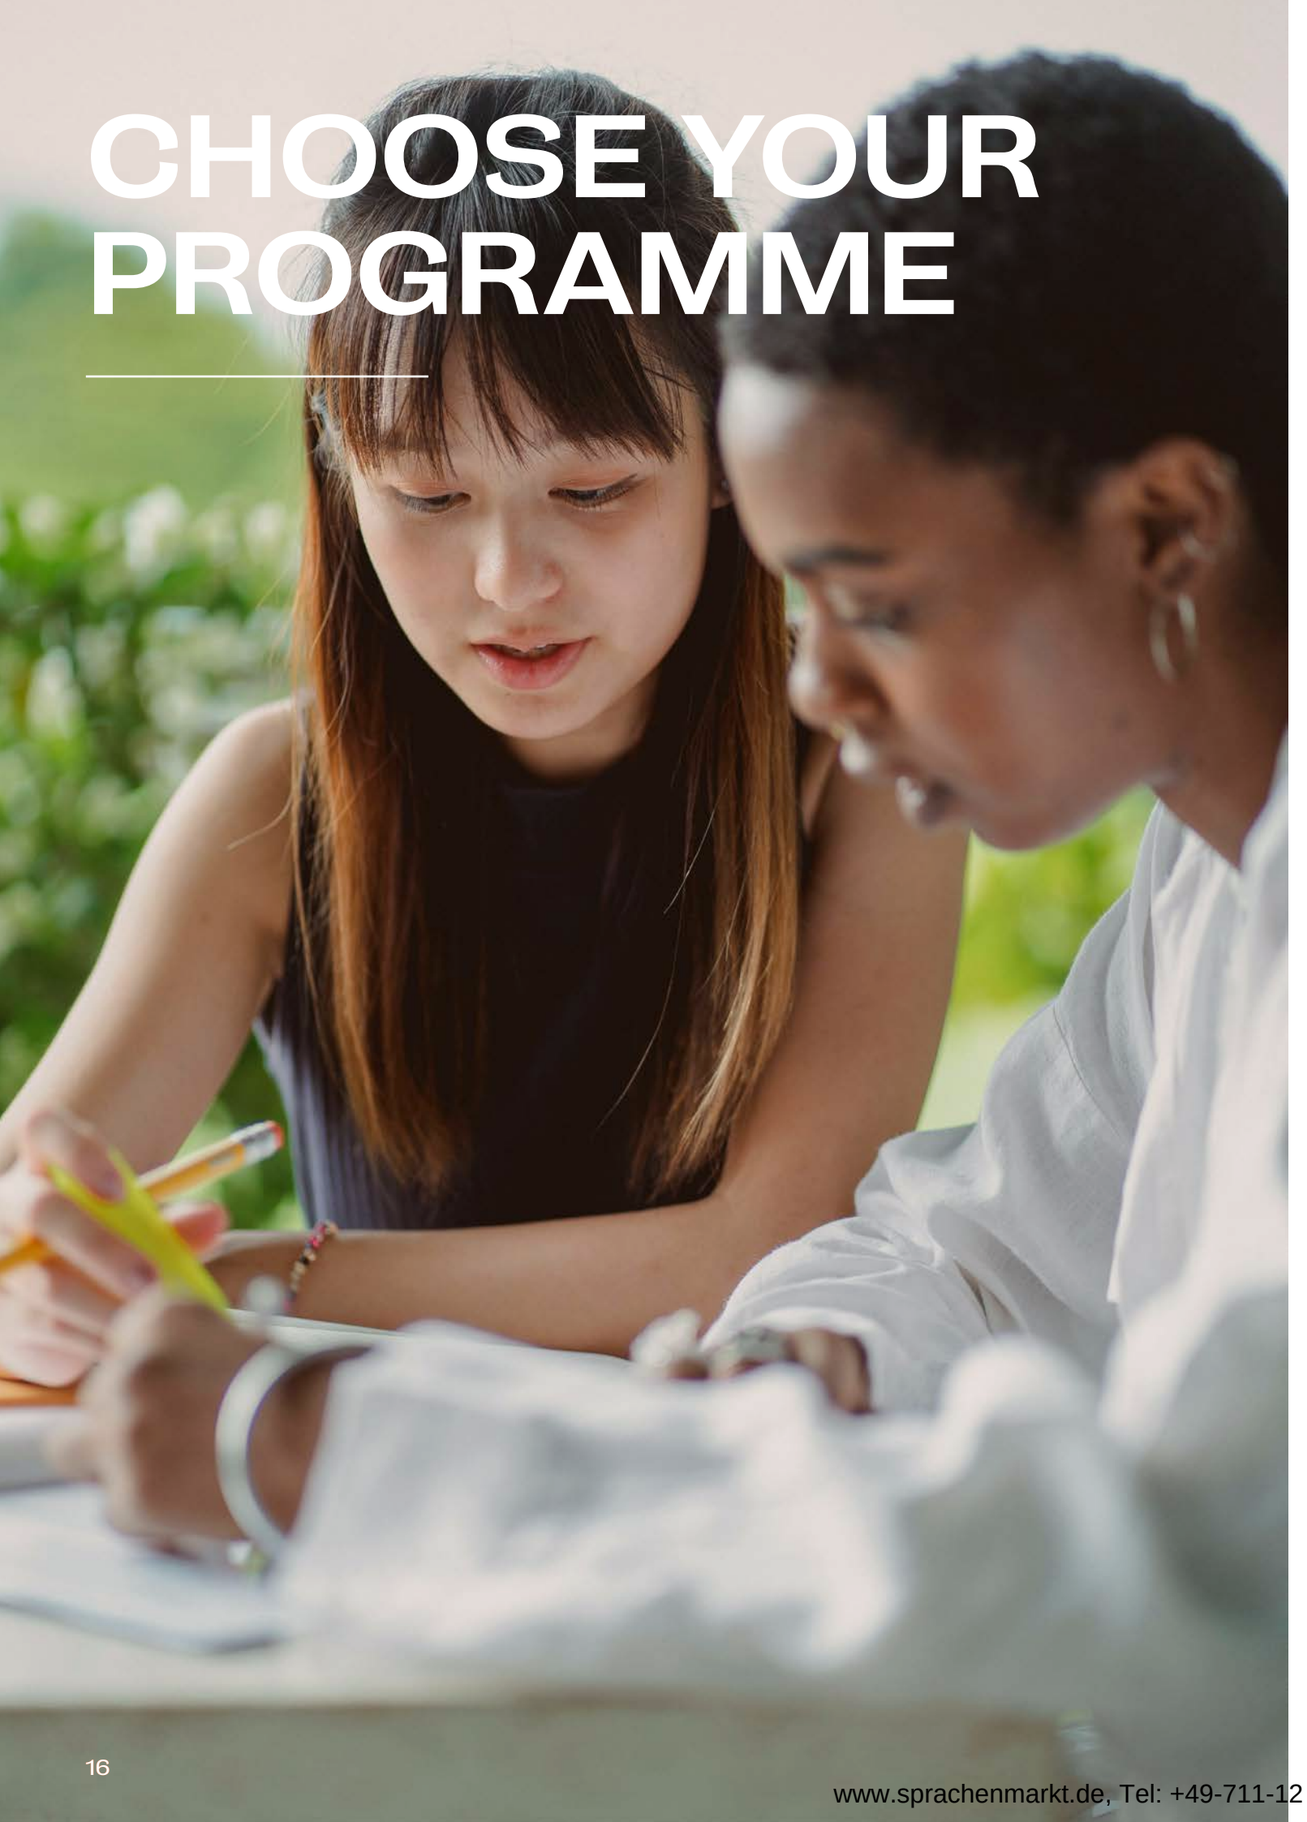

BEFORE DEPARTURE

Host Teachers complete a Teacher's Report containing details of your lessons and activities, together with their comments. It is available on request.

We ask if possible for you to fill in an Online Student Report as we are interested in your feedback.

Your teacher can provide you with a Certificate of Attendance on request.

"It was amazing! My teacher was kind, funny and excellent. We had a lot in common so it was a bit easier to forge a bond between us. We did a lot of various activities and my teacher knew the city and its good places very well. I am now much more comfortable with the language and my vocabulary has extended. Over all, I had an amazing time and I will never forget it"

TERMS & CONDITIONS

By enrolling you confirm you accept and you are aware of the following:

Our services
Influent offers language immersion programmes worldwide, for participants of all ages and levels.

You stay with a host and/or teacher, with other members of the host's family where applicable. Different types of stays are offered all year round and may include language courses, activities, visits or other options. Courses and/or activities or visits generally take place during the week, but can also be done at weekends and/or on public holidays, depending on the schedule decided upon by you and your host so that the total number of hours booked are completed by the end of the stay. One hour of language tuition in your private teacher's home = 60 minutes.

Host selection process
We organise stays for participants of all levels. It is essential that you indicate your language level when booking to allow us to select the host and/or teacher best suited to your profile and specific needs.

One participant/student is assigned per host or teacher, except in the case of a shared programme. The host family may have guests or friends at the same time as you provided that they are not of the same nationality or mother tongue as you and that this does not interfere with your lessons or stay.

To the best of our knowledge, the host's details are correct when we provide them, and we cannot be held responsible for subsequent changes to these.

We cannot guarantee that all the host family members will be present during your stay as our contract is with the host or teacher, not with other family members.

In some cases, you may be placed with two or more families during the course of the same stay (for long stays, for example).

Insurance
Insurance is not included. You must take out your own insurance against illnesses, accidents, loss of property or cancellations.

Travel
Influent does not arrange travel. As this service is not included, you (or your parents/legal guardian in the case of minors) must take care of travel arrangements: flights, ferries, trains, etc. You should also find out about any formalities/documents required, depending on the country of departure and the destination, e.g. a valid passport or ID card, authorisation forms for minors travelling alone, ESTA, ETA, visas, health documents, etc. Please check with the embassies and consulates in your country and chosen destination. We cannot issue visas, but we can send you a letter of invitation or a certificate of acceptance if this is required to allow you to apply for one from the relevant authorities.

You are solely responsible for obtaining all travel documents and visas required, and Influent cannot be held responsible for failure to obtain them, for inappropriate or incomplete documents, lack of information, or non-acceptance by authorities before or during the trip.

Transfers
Transfers can be booked as an optional extra, but they are compulsory for students under 16 travelling without their parents. Depending on the host's location, we can arrange transfers to and from the airport, port or train station. Transfers are provided either by a member of the host family or by a professional driver.

We must receive travel details well in advance in order to arrange any transfers booked, one week before arrival at the very latest. If not, we reserve the right to cancel them.

A mobile number is required in all cases.

Transfers are usually individual but may be shared with students arriving/departing at a similar location and time.

A supplement may be charged for early arrivals and/or departures (before 8 a.m. or after 10 p.m.).

If no transfers are booked, you should contact your host directly to give them the appropriate arrival time. If the host does not hear from you, you will be expected after 7 p.m.

Cancellations
Cancellation fees are as follows:

- 28 days or more before arrival: £200, €250, US$250
- 27 days to 1 week before arrival: 50% of the fees
- Less than one week before arrival: 100% of the fees
- From the start date of the stay: 100% of the fees

Cancellation charges for Sports and/or Excursion Options may be added as they are usually booked by the hosts well in advance and are most often non-refundable.

Date changes
- 28 days or more before arrival: no alteration fee
- 27 days or less before arrival: £200, €250, US$250
- From the start date of the stay: 100% of the fees

General Responsibilities – Participants
Participants in our programmes agree to respect the house rules of their host family and the requirements of the home immersion programme. Where the participant is a minor, their parent(s) or legal representative(s) agree to ensure that these requirements are respected.

We ask all participants to behave respectfully and appropriately throughout their stay and to contribute to a positive experience for themselves, their host family and, where applicable, their teacher. This includes respecting the host family's house rules, attending agreed activities and lessons, and avoiding any behaviour that may interfere with the smooth running of the programme or the stay.

If a participant fails to comply with these requirements, including in the case of unauthorised absence (for minors), inappropriate behaviour, or conduct that is incompatible with the programme or the host family environment, Influent will, where appropriate, discuss the situation with the participant, host family and/or teacher in order to find a suitable solution. Influent shall not be held responsible for any consequences arising from such failure to comply, to the extent permitted by applicable law.

Where the situation cannot be resolved, or where the circumstances are sufficiently serious, Influent reserves the right to terminate the participant's stay and require the participant to leave the programme and/or accommodation.

In the event of such termination, the participant shall not be entitled to a refund. The participant, or their parent(s) or legal representative(s) where applicable, shall be responsible for any costs arising from the termination, including the cost of any services or hours not covered, as well as any additional costs and expenses associated with the participant's early departure, return travel, or change of accommodation.

Host cancellations
In the case of unforeseen circumstances (personal problems, health issues, etc.), should the family cancel before arrival or during the stay, a replacement host family will be provided.

Refusal by the participant of this replacement will be considered a cancellation and the relevant cancellation fees will apply.

Issues/Complaints
Regional managers in the host's country are always available to help you with any issues you may have, and these can usually be solved very quickly as they are often related to language misunderstandings or cultural differences. Problems that cannot be resolved are rare, but if you feel that you and the host are not suited, or you are not happy in the homestay, the regional manager or Influent must be contacted so that a change of host can be arranged. Claims after the stay will only be considered if we have been notified of issues during the stay. In the case of minors, this is the parent's or guardian's responsibility.

Privacy policy
In order to organise your immersion programme, Influent needs to collect certain personal data, in particular regarding your identity. In accordance with current EU legislation, you have the right to access, rectify and delete any personal data concerning you, by written request.
