2022

**German
Courses.**

Norbert GÜthling, President

Lennart GÜthling, Managing Director

Dear friends around the world,

Once again we have been eagerly awaiting it, and now you are holding our brochure for 2022 in your hands.

Another eventful and challenging year is behind us. We have used the time for some modernizations and innovations. Thus, we are looking forward to the next season with great anticipation.

In our year-round school Bad Schussenried, we have set up new seminar rooms and expanded the digital equipment of the classrooms. Our teachers cannot wait to enrich the lessons with new forms of teaching and learning.

There is also news about our summer offer: The course center in Kempten has moved further south to the Oberallgäu. This new location is surrounded by beautiful nature and offers numerous starting points for outdoor activities. The fantastic view of the Allgäu Alps makes the heart of every nature lover beat faster.

When we look at this brochure, we are grateful for everything that we have achieved with you, our friends, over the past 44 years. The journey is far from over, though, and we are already looking forward to the next chapter.

We hope you enjoy this read and we will soon see you again at the Humboldt-Institut!

Yours,

Humboldt-Institut e.V.

Schloss Ratzenried

Why Humboldt?

Humboldt-Institut e.V. is a non-profit organization for teaching German as a foreign language. From a single program center at its administrative headquarters in Ratzienried Castle, the Humboldt-Institut has grown to a network of 16 program sites throughout Germany. Our success rests on giving each and every student exactly the support they need:

Small Classes and Intensive Instruction

Our students are taught by highly motivated native speakers with university degrees in classes averaging 10 participants. An Intensive Course 30 meets 30 lessons per week (45 minute sessions) – more than at most other language schools.

More Than 40 Years of Experience

Our customers benefit from more than 40 years of experience with German courses for over 80,000 satisfied participants from more than 160 countries.

A Faster Road to Success

No other school prepares its participants more quickly or efficiently for the TestDaF or telc Deutsch C1 Hochschule exams for German as a foreign language. Beginners with no prior knowledge of German can successfully pass both exams after just 8 months at the Humboldt-Institut.

Recognized Exams

Humboldt offers the TestDaF, TestAS and telc exams, which are internationally recognized and improve students' chances in academics and their careers.

Transparent Costs

Our prices are transparent. Course fees generally include instruction, room and full board, course materials, extracurricular activities and excursions. There are no hidden costs!

Safety and Support Around the Clock

We provide support and supervision for our children and teens 24 hours a day. Someone they can trust and talk to is always nearby.

Family Atmosphere

Humboldt-Institut schools are boarding schools, a format that enhances students' success and their enthusiasm for the program's community experience.

We do everything we can to make our students feel at home from their very first day with us.

Studying Throughout the Year

Our year-round centers offer German instruction 365 days a year.

As you can see, the Humboldt-Institut optimizes student success in the shortest possible amount of time, all while making it fun to study in a motivating, German-language learning environment.

We have the right German program for you!

Types of Programs

One of the Humboldt-Institut's strengths is the intensity of instruction due to the high amount of lessons per week, the small class sizes as well as our own curriculum. The following types of programs are available:

Intensive Course 30

30 lessons per week

Intensive Course 25

25 lessons per week

One-to-one Intensive Course 25, 30, 40

25, 30 and 40 lessons per week

Classes

Classes are held Monday through Friday except on some bank holidays. One-to-one courses are taught regardless of bank holidays. Each class lasts for 45 minutes and is averaging 10 students. Classroom instruction focuses on listening and reading comprehension, writing skills, speaking skills and grammar.

Finding the Right Level

All students are expected to take a placement test on the day of arrival or the first day of their course. Based on their results students will be assigned to a class of their language level. During the summer months the first day is reserved for the placement test, i. e., the rest of the day is generally for orientation without instruction.

We distinguish the following 6 levels according to the Common European Framework of Reference for Languages (CEFR):

Level		Duration
A1	Elementary 1 also for total beginners	5 weeks
A2	Elementary 2	5 weeks
B1	Intermediate 1	5 weeks
B2.1	Intermediate 2.1	5 weeks
B2.2	Intermediate 2.2 leads to telc Deutsch B2	5 weeks
C1.1	Advanced 1.1 leads to TestDaF	5 weeks
C1.2	Advanced 1.2 leads to telc Deutsch C1 Hochschule	5 weeks
C2.1	Advanced 2.1	5 weeks
C2.2	Advanced 2.2	5 weeks
total duration		45 weeks

The duration is based on courses with 30 lessons per week.

Online Placement Test

If you wish to test your German skills in advance, you may do so by taking our online test. However, the online placement test is not a substitute for the placement test which is held on the first day of classes.

Homework

Teachers daily assign homework so that students can build upon what they

have learned and be prepared for class. Homework assignments are of reasonable size so that students still have plenty of time for extracurricular activities. Written homework is corrected and handed back to students so that they can monitor their progress.

Teachers

Our teachers are highly trained native speakers with university degrees, who use modern teaching methods.

Teaching Material

The Humboldt-Institut provides its students with all of the course materials and textbooks they need at no charge.

Weekly and Skill-level Tests

Participants in all programs take a weekly test so that students and teachers can assess the progress made during the preceding week. Comprehensive exams are written at the conclusion of each level.

Certificates

At the end of the program after a final exam all participants are awarded a certificate confirming the number of lessons attended as well as the skill level that the student has achieved. Grades are given for listening and reading comprehension, oral and written expression and grammar skills.

Our flexible range of live online courses enables students who cannot travel to Germany to attend a German course or who would like to continue studying after a German course at the Humboldt-Institut, to access the high quality German courses of the Humboldt-Institut from the comfort of their home.

We use YuLinc as a platform, which has proven itself in use with students from all over the world. This powerful learning platform offers virtual rooms for lessons and group work as well as a media library. The courses and communication take place in the browser (e.g. Chrome, Firefox). You need a computer or laptop with headphones, microphone and camera. Smartphones or tablets are not suitable for attending the online classes.

Online private lessons

- From 10 lessons
- Levels: A1 - C2
- Ages: 13 years and older

The online private lessons are suitable, among other things, for the follow-up of a face-to-face course in order to maintain and further consolidate the content learned. On request, skills and topics can be dealt with in a targeted manner, for example to prepare for an exam. The minimum booking is two consecutive lessons of 45 minutes each per week with a total booking of at least 10 lessons. The packages can be booked in steps of ten (10, 20,

30 or 40 private lessons). For participants without previous knowledge, the use of an intermediary language, usually English, is required.

The online private lessons are only available outside the high season (June 12 - August 20, 2022).

Starting dates

Upon request (Monday - Saturday)

Course fees

- € 500.- per 10 lessons (following a face-to-face course)
- € 600.- per 10 lessons (without booking a face-to-face course)

Online private lessons for groups

- From 10 lessons per week
- Levels: A1 - C2
- Ages: 13 years and older

Course fees

Upon request

The participants in the group courses must have a similar level of German.

You can find more information about the various online courses on our website

Accommodation & Leisure Time

Accommodation and Board

In all course centers we offer a full package including accommodation, full board and leisure activities. The course centers work like boarding schools and the student rooms are usually in the same building as the classrooms are. This combination is very comfortable and offers short distances. Students in Lindenberg and Berlin-Mitte also stay with host families.

Transfers

Transfers to and from the airport are done as group transfers. However, efforts are made to keep the waiting time of individual students down to one hour. Please inquire about the fees for transfers which take place outside of the traditional arrival and departure days (Sunday / Saturday).

Outside of Class

Our after-class program keeps students active and offers a wide variety of options, with program supervisors motivating even shy students to participate in activities.

Supervision

Supervisors answer questions and solve problems while maintaining a positive, committed attitude towards all of the students' questions and concerns. They make sure that school rules are observed day and night at locations hosting children and teenagers, while guaranteeing reliable, round-the-clock supervision for all under-age students.

Excursions

Every Saturday our staff organizes and accompanies full-day excursions to attractive destinations. On Wednesdays, our students take part in half-day trips to sights and interesting cities nearby. Excursions and entrance fees are already included in the course fee for children and teenagers. For adults in Berlin-Mitte and Constance, the entrance fees are not included in the course fee.

Examinations

Students at the Humboldt-Institut can complete internationally recognized, standardized exams at all levels of the Common European Framework of Reference for Languages. The following overview shows the exams along with the language level certification students will obtain if they pass a given exam:

Age	Language Examination	Test Center
10-13	telc A1 Junior telc A2 Schule telc B1 Schule	Bad Schussenried
14-17	telc A1 telc A2 Schule telc B1 Schule telc B2	Bad Schussenried
18+	telc B1 telc B2 telc C1 Hochschule TestDaF	Berlin-Mitte, Constance
18+	TestAS	Berlin-Mitte

telc

telc gGmbH (The European Language Certificates) is an internationally recognized test provider. Language certificates offered by telc are geared towards the Common European Framework of Reference for Languages, making them internationally comparable and improving students' educational and professional opportunities.

telc Deutsch A1 – B2

These general language exams let you show how well you have mastered the German language in daily situations, such as trips, leisure activities or at work. Each exam consists of a written individual test as well as an oral exam conducted with another student or in a group.

telc Deutsch A1 Junior

The child-friendly format of this exam is geared towards our youngest learners. The test does not take long to complete, which, along with its use of pictures and its simple and easy-to-understand tasks, tailors it to the cognitive abilities of children.

telc Deutsch A2 and B1 Schule

Since their format corresponds to that of general language exams, these exams for secondary school students are equivalent to the more general exams. The telc Deutsch Schule exams, however, also cover subject matters geared specifically to young people's life and to what they know, i. e., their leisure time, their friends, what they do for fun, and what it's like to live in another

country. A telc exam also allows children and teenagers to demonstrate their commitment, interest and determination.

telc Deutsch C1 Hochschule

This exam is geared towards adults who would like to demonstrate their German language skills because they wish to begin studying, are already studying or hope to work in an academic field at a German university. This exam tests advanced German skills needed at university level.

Tests will take 5 weeks minimum to correct.

TestAS

The TestAS (test for foreign students) is a centralized, standardized test that assess-

es the aptitude of foreign students for university studies. For interested students from abroad, the TestAS result provides information on how they compare to other applicants and increases the chance for admission to a German university.

TestDaF

("Test Deutsch als Fremdsprache")

The TestDaF exam demonstrates that a candidate has sufficient German skills for admission to a German university if he or she earns the minimum TestDaF level of 4 in each of the four exam sections. As a standardized exam for meeting university language requirements, the TestDaF is the equivalent of the DSH exam, while offering numerous other advantages, e. g., students may take the exam as many times as they wish.

The TestDaF also provides evidence of language ability for anyone who wants to do research in Germany or who wants to document high language skills.

Humboldt students with no prior knowledge of German would need roughly 8 months to reach the required level of language skills. The Humboldt-Institut has licensed testing centers in Constance and Berlin-Mitte.

The TestDaF is currently offered in two versions – paper-based and digital. The

advantage of the digital version are the shorter registration period and the faster correction time.

Constance

ages 18 plus

This lively university town of 85,000 people is the largest city on Lake Constance. Its brilliant setting on the banks of the lake, along with the variety of cultural attractions in its lovely old town makes Constance the perfect program site for students from all over the world. The modern Humboldt course center is only a 10 minute walk from the university and just 5 minutes from Lake Constance. The city center can also be reached quickly and easily.

A City of Superlatives

Its over 3,5 million inhabitants make Berlin the largest city in Germany and the heart of the country's artistic, political and economic life. For program participants from all over the world, this makes Berlin the perfect place to study German and learn more about Germany's history, politics and culture.

We have been welcoming students to our program in Berlin's Mitte district since June of 2014. The Institute offers modern classrooms, a language laboratory, a spacious common area and modern rooms. A special highlight is our rooftop terrace with a panoramic view of Berlin. And our central location and excellent transit connections put a large number of sights within easy reach.

German + University

ages 18 plus

The Concept

"Made in Germany" is a synonym for quality the world over, and studying in Germany gives international students a clear edge over their competitors on the international job market. Germany compares well to the rest of the world in terms of higher education, offering high quality and ideal research opportunities. Plus, studying in Germany is quite affordable compared to other countries.

The Program

Invest in your future today: the Humboldt-Institut provides consultation and support to students in our intensive courses seeking university placement in Germany. We will review your high-school and/or other academic records from your home countries and determine whether you qualify for direct or indirect admission to a German university.

Our course centers in Berlin's Mitte district and in Constance help incoming university students reach the language level they need (B1/B2 for preparatory programs and C1 for universities) in an extremely short period of time. You will stay in affiliated guest accommodations, where you will live right on site in an international – yet German-speaking – environment so you can dedicate your full attention to your German studies. Room and full board plus after-class activities (entrance fees not included) are included in course fees.

The optional application service covers a total of 3 applications at universities in Germany. We make sure that your application is complete and submitted on time to maximize your chances of getting admitted to university in Germany.

in Berlin-Mitte and Constance

Health insurance provided by the Humboldt-Institut (€ 2.- per day) is only valid for the duration of the language program – not while pursuing university studies. For this reason, we recommend that participants secure health insurance in their home country for the entire duration of their stay.

Enrollment

The program operates all year round and is timed to coincide with the summer and winter semesters schedule at German universities.

Bad Schussenried

ages 10-13 and 14-17

Bad Schussenried is a historic monastery town with 8,500 inhabitants located in the beautiful, idyllic hill country between Lake Constance and the Danube and Iller rivers. Our school is housed in a complex nestled between a lovely park and an extensive outdoor recreation area. Students can walk to central Bad Schussenried in approximately 5 minutes.

As a boarding school, our program center combines classrooms, leisure facilities and student rooms at one site. With space for up to 300 students from all over the world, Bad Schussenried is Germany's largest boarding school for studying German as a foreign language. The school is open year round and has incredible infrastructure that allows students to pursue countless athletic and recreational activities, both indoors and outdoors.

Schmallenberg

ages 14-18

Schmallenberg is a typical town in the Sauerland, an area known as the "land of a thousand mountains." Anyone who has ever been there will understand why the region has a reputation as one of Germany's most popular vacation destinations. Schmallenberg is a quiet resort town with a charming, historical city center studded with half-timbered houses and narrow alleys.

Our students are guests at the Bad Fredeburg Academy, which is located in a district of Schmallenberg. The very picturesque center of this little town is only a few minutes' walk from the school. Classes take place in the local school, only 150m away from the academy. The academy is located in a very quiet area surrounded by parks. Schmallenberg is especially popular for its flexible system of courses, with weekly arrival and departure.

With its over 3.5 million inhabitants, the city of Berlin is a fantastic program site, and not just for adults – it also offers much for teenagers, with the Brandenburg Gate, the remains of the Berlin Wall and the world-famous Reichstag all serving as witnesses to Germany's history. Our students can enjoy the flair of the capital, a visit to the Berlin Zoo – home to the greatest variety of species – or a leisurely stroll through the city. The fascinating blend of cultures, the wealth of museums, some of the world's most modern architecture and outstanding cultural events all justify Berlin's reputation as a metropolis of superlatives and guarantee an unforgettable summer for the students.

Düsseldorf

ages 14-18

With a population of some 600,000 inhabitants, Düsseldorf is seen as one of Germany's most interesting and popular major cities. Enjoy a stroll along the banks of the Rhine at the "Rheinuferpromenade" which links the traditional historic city center with the contemporary media harbor. The "Kö," the bustling shopping street, is another wonderful place to take in the sights, and as a cultural metropolis, Düsseldorf appeals to people from around the world. The city on the Rhine is famous for the joie de vivre of its residents, and it has an almost Mediterranean flair, particularly in the summer. Our house offers high-standard accommodations and is located directly on the Rhine with a view of the historic city center. Most major sightseeing attractions are within easy walking distance.

Vienna (Austria)

ages 15-18

Vienna, the city with the highest quality of life in the world, unites tradition and modernity in its own unique way. With 1.8 million inhabitants, Vienna is both Austria's capital and its largest city – and the site of the first and only Humboldt-Institut center in neighboring Austria. A true highlight of this program site is the location of our German courses: on board of a school ship right along the Danube island! After class, Vienna also offers what may be the world's finest cultural scene: besides the old town and Schönbrunn Palace, both of which are UNESCO World Cultural Heritage sites, Vienna also boasts countless royal residences and palaces, museums, famous buildings and landmarks, the most internationally known of which are St. Stephen's Cathedral and the Ferris wheel in the Prater park. But architectural monuments are not all that Vienna has to offer: coffeehouses, Sachertorte, Wiener Schnitzel and the Naschmarkt – the city's wide variety of attractions caters to every taste!

Heessen Castle

ages 9-13

Heessen is a district of the town Hamm in North-Rhine Westphalia in the Ruhr metropolitan region. The former mining town Hamm is nowadays known for its varied cultural offers and many public green spaces, among them Maximilian Park with its glass elephant, one of the major landmarks of the city. The spacious school premises of Heessen Castle combine tradition and modern comfort and offer our young guests not only a great variety of leisure time opportunities, but also a school canteen which is certified by the German Nutrition Society. There are many attractive destinations in the region for our Saturday excursions, among them the metropolis Cologne, with the world famous cathedral "Kölner Dom" and one of the children's all time favorites, the chocolate museum.

Wittgenstein Castle

ages 7-11

Situated on a hill overlooking the historic town of Bad Laasphe, Wittgenstein Castle is our program site for our youngest students. The town is located some 120 km east of Cologne and surrounded by an idyllic landscape, with the Lahn River winding its way past the half-timbered houses in the historic center of town. Our school is located in the famous Wittgenstein Castle, which includes both historical and modern buildings and offers a wide range of opportunities for sports and recreational activities. One special feature of this center is that the school has its own stables and offers an optional riding course.

German for accompanying parents

We are pleased to offer a German course that you can take at the same location as your child. Held in the mornings, your class will be separate from the children's classes, as the course contents will be different: children's courses aim to improve all of the language skills your child will need later on when taking German classes at home; the objective for parents, however, is to teach practical German that will be useful for everyday life. Course offerings cover levels A1 through A2. While you will be housed separately from the children (in private rooms in the castle) and participate, in some cases, in separate recreational activities, weekend excursions will be offered for parents and children together.

Parents' Course

- 25 lessons per week
- Mini groups (2-4 participants per group)
- Levels: A1, A2

Accommodation and Board for Parents

- Beautiful twin rooms (with en-suite bathroom) in the castle
- 3 main meals and 2 snacks

Date

July 3 - July 23, 2022 (3 weeks)

Fees

€ 1,690.- per week (twin rooms in the castle)
€ 190.- per week (surcharge single accommodation)

Included are

Lessons, teaching material, accommodation, full board, daily leisure program, weekly excursions, entrance fees, a certificate and 24-hour supervision for the children

Leisure Activities & Excursions

You are more than welcome to participate in your child's extracurricular activity program. Excursions for parents and children will be offered on weekends. Extra program offerings will be organized for parents.

Secondary Education

ages 10-17

The Concept

Going to school and living abroad for a period of time fosters adolescents' development and ensures a successful future for them in a job market that is becoming more and more international – studying in Germany would enhance any resume. Our "Going to school in Germany" program is geared towards highly motivated students between ten and seventeen years of age, and offers them the chance to participate in regular classes in German boarding schools. Upon successfully completing the leaving exams of a German boarding school program (the Abitur), students here will qualify for admission to a German university.

Prerequisites

Besides having to demonstrate generally above average academic performance, foreign candidates must also have

sufficient knowledge of the German language to be admitted to a German school. This is why they are asked first of all to attend an intensive German language course for several months at our language center in Bad Schussenried (see page 22) or in Lindenberg (see page 24). Having completed level B2, students will be integrated into a class at a college preparatory boarding school appropriate to their age and abilities.

Transition Courses in Bad Schussenried and in Lindenberg

Our schools in Lindenberg and in Bad Schussenried offer our students ideal conditions to feel at ease and get used to a life in Germany. High-quality courses paired with a small number of students per class assure that students pick up the language quickly and thoroughly.

Program Schedule

Depending on their prior skill level, students will need approx. two to six months to reach the required level of German (completion of Humboldt level B2). Afterwards, we offer a 5-week transition course (see page 50).

Upon completion of this transition course, students can transfer to a German boarding school. The Humboldt-Institut cooperates with highly respected boarding schools throughout Germany and will gladly help students find the right school.

Starting Dates

€ 945.- per week for at least 10 weeks (no surcharge applies)

Boarding School: approx. € 2,200.- to approx. € 4,800.- per month

School Transition Course

ages 13-17

The Concept

After having successfully completed Humboldt level B2, our students will be able to continue their education in Germany at a Gymnasium. Here they can complete their leaving exams (see p. 48 / Secondary Education in Germany), which will qualify them for admission to a German university. In order to ease the transition between the German course and school attendance, we offer a special transition course aimed at teaching the terminology and methodology in the most important subject areas taught in school.

Content

The school transition course is organized into subject area modules such as the natural sciences (mathematics, physics, biology, chemistry) and the humanities (history, politics, geography, religion). The fine arts are covered as well. In addition to acquiring important technical vocabulary, students also learn how to summarize texts, work with sources, perform research and give presentations.

Role-playing simulation games and project work also teach students how to work in group settings.

Prerequisites

- Students may only enroll after successfully completing Humboldt level B2

in Bad Schussenried and Lindenberg

ages 15-18

The Concept

The unique feature of the Prep Year for Upper-Level Students program is regular rotation between attending German classes and a regular secondary school, with students alternating between the Humboldt-Institut in Bad Schussenried and the Schloss Bieberstein boarding school. The focus at Bad Schussenried is on German as a foreign language, whereas students participate in regular classes in

select subject areas at Bieberstein. After successfully completing the prep year, students can attend upper-level courses at Schloss Bieberstein.

Program Schedule

The program begins with a German course at Bad Schussenried, after which students alternate between Bieberstein and Bad Schussenried at intervals lasting multiple weeks at a time. Transportation between the two schools is included. The prep year ends in July, and by that time students will be expected to have successfully completed B2.2 level language requirements.

Prerequisites

Applicants for the prep year will need to demonstrate that they have performed well at school in their home country, that their English skills are good, that they have completed at least the 9th grade and that they are between 15 and 18 years of age. No prior knowledge of German required.

ages 10-17

The Concept

The "Boarding School Experience" program is a combination of a German course at the Humboldt-Institut and a boarding school stay at one of our selected partner boarding schools across Germany. Students will start with an intensive German course at our course center in Bad Schussenried. After the German course they will continue their stay at the school of their choice and experience the daily life at a German boarding school.

Program Schedule

This specially designed experience program will allow international students to collect their first impressions of living and studying at a German school. Not only will they be able to improve their active German language knowledge during their stay, they will also be introduced to German culture, landmarks and traditions. While school grades are not in the foreground of this program, students shall have a high motivation to make the

most of their experience – including an improvement of their overall academic skills.

Prerequisites

Students are between 10 and 17 years old and their passport qualifies them to travel to and stay in Germany visa free. In addition, applicants should have previous knowledge of German and completed at least A2 level (300-500 lessons). Furthermore, students should be willing to spend at least two to three months in Germany and are highly motivated to integrate themselves into a boarding school community and become an active part of the daily life.

The Lindenberg Gymnasium

(preparation for the German "Abitur")

ages 10-17

The School

The Lindenberg Gymnasium (grades 5 - 12) offers two distinct educational tracks, one oriented towards language and one towards the natural sciences and technology. In addition to pure classroom instruction – instruction that meets the highest professional and pedagogical standards – the school also aims to educate its students to become engaged, tolerant and responsible human beings. Viewed from this perspective, school becomes a place that offers students life experience and helps them shaping their personalities. Students are not only encouraged to perform well and develop their talents – social responsibility, environmental consciousness and respect also play critical roles in the school community.

Academic Facilities and Services

- Large spectrum of elective courses and work groups
- Conflict mediation team
- Computer rooms and IT training
- Library
- School cafeteria
- Study trips

The Boarding School

Students are housed at the Humboldt-Institut boarding school in Lindenberg (see p. 24). The boarding school provides an attractive infrastructure and offers support services that cater to the special needs of the students. These benefits will help young people to integrate quickly into daily life in Germany, while nurturing their continued language development and – most importantly – helping them to establish and maintain social contacts. Besides their academic achievement, living and studying in a German environment with an international, cosmopolitan atmosphere also fosters the students' personal development.

Boarding School Concept

- Mentor program
- German language support program
- Supervised leisure activities & planned excursions
- 24-hour supervision
- Tutoring for homework
- Outdoor educational program
- Integration in local clubs and associations

Accommodation and Board

- Twin rooms with en-suite bathroom (single rooms available in 12th grade)
- 3 main meals and fruit during the day

German for Groups

Our Offer

The Humboldt-Institut organizes German courses at its course centers for various groups (minimum 10 students), including school groups, at very attractive rates. Students participating at those centers accommodating groups will receive free transfers plus a complimentary space for an accompanying adult.

Our year-round schools in Lindenberg, Bad Schussenried, Constance and Berlin-Mitte can accommodate groups throughout the year. During off-season, the terms offered at these centers are especially economical. Additional program centers are open in the summer.

In the afternoon students can test their knowledge and try out what they have learned with their classmates from all over the world. This enhances their motivation, promotes tolerance and contributes to the fun of speaking a foreign language.

Accompanying instructors and program supervisors are housed in single rooms with private facilities at all program sites.

Extracurricular Activities

After classes and on weekends we organize half-day and full-day excursions, contests and games. During winter we offer skiing courses in Lindenberg for an additional fee. While we organize a variety of daily after-class activities all year round, we are also happy to consider ideas and suggestions offered by students, instructors and program supervisors. For children and teenagers, we also guarantee reliable support and supervision around the clock.

Exams

We offer various levels of telc exams for groups upon request.

Arrival and Departure

For one-week stays, participants are to arrive on Sunday and depart on the following Sunday. For stays longer than one week, participants are to arrive on Sunday and depart on Saturday.

Included

Depending on the students' ages, groups will receive 25 or 30 lessons per week (each lesson = 45 minutes). Included in the price are course materials, accommodations at the boarding school, meals, daily after-class activities, excursions, entrance fees, support and supervision, and one transfer from the airport to the school and back. A complimentary place for an accompanying adult is available for groups of 10 students or more. There are approximately 15 students in one class.

Further Information and Fees

Please ask for our school and group trip program.

Important Information

Health

Please indicate any health problems (e.g., allergies) and dietary restrictions (vegetarian, diabetic, Muslim) on your booking form. Minors must provide the telephone number and email address of a parent or guardian. Adults may provide a contact number in case of emergency.

Health Insurance

Program participants can take out a traveler's health insurance policy through the Humboldt-Institut (€ 2.- per day). The Humboldt-Institut does not provide personal liability insurance or insurance covering damaged or lost luggage.

Visas

If you need a visa, we will send you an invitation to the language program once we have received your enrollment and program confirmation. You will then need to request a visa from your nearest German foreign office (embassy or consulate).

We will be happy to provide assistance should you have any difficulties obtaining a visa. In cases like these, please contact us immediately.

Arrival and Departure

Day of arrival is Sunday before a course begins. Day of departure is Saturday.

Transfer Services

We provide group transportation to and/or from the airports indicated in the program descriptions for a fee. Please indicate on your booking form if you would like to make use of this service. If you do, our program supervisors will pick you up in either a car or a minibus when you arrive at the airport or railway station and, if desired, will take you back at the end of the program. Occasionally, coaches are used for transfers in addition. Transportation to and from the indicated railway stations is free. If you do not know your arrival time and flight number when you enroll, please provide us with this information 1 week before you depart so that we can organize transportation. Longer waits may result for anyone who is late in submitting his/her information. We must be advised beforehand if a person is traveling as an Unaccompanied Minor (UM).

Pocket Money

For children and teenagers we recommend € 30.- to € 40.- per week.

Laundry

Free laundry services are provided at nearly all course centers. Coin-operated
