In EPA! We use the Communicative approach to teach Spanish and our teachers are highly trained and prepare to teach you in a well develop and organize structure. We use top-notch materials and we follow the European Common Frame Level structure.

Our program

This course allows you to improve your Spanish Language by focusing on the skills you will need to communicate well in everyday business and social settings. The classes focus on listening, speaking, reading, and writing skills necessary to communicate effectively in Spanish. Each day, the class takes you one step closer to achieving your goal: to communicate more and better in Spanish.

This program is designed for students looking to combine Semi-Intensive or intensive Spanish in the morning and recreational activities in the afternoon.
