### Semi & Intensive Program

This course gives you the opportunity to improve your Spanish Language by focusing on the skills you will need to communicate well in everyday business and social settings. The classes focus on listening, speaking, reading and writing skills necessary to communicate effectively in Spanish. Each day, the class takes you one-step closer to achieving your goal: to communicate more and better in Spanish.

The Semi Intensive and Intensive is design for students looking to combine Intensive Spanish in the morning and have free time in the afternoon for recreational activities. Every Thursday afternoon you have included a social or cultural activity to different location within the city.
