Welcome to Bristol

- A brilliant place to study

Named “Best place to live in the UK 2017” by The Sunday Times Magazine, Bristol is a friendly, safe, attractive city with a long and colourful history.

With a population of 500,000, it's the cultural and commercial capital of the South West.

It's home to a diverse community of artists, musicians, media, financial and high tech companies.

Bristol has two excellent universities, hundreds of pubs and restaurants, both modern and traditional, museums, cinemas and green spaces. Bristol was named the “Rising Star” of tourism in 2018.

For “shopaholics”, Cabot Circus shopping centre and St Nicholas Market have everything you need.

There's always something going in Bristol - music festivals, Europe's largest hot air balloon festival, a harbour festival, food festivals and more. Bristol has a vibrant restaurant scene and has been named the best culinary destination in the world in 2019.

For sports and outdoor activity fans, Bristol has two football teams, a rugby club, gyms, swimming pools, climbing, horse riding, mountain biking and a watersports centre in the harbour.

Bristol is surrounded by places of interest: Bath, Oxford, Cardiff, Stonehenge and Stratford-Upon-Avon are all close and London is just 90 minutes away by train, as well as an artificial surfing lagoon just outside the city.

**According to The World Food Travel Association's Food Trekking Awards, November 2019.*

“

We sum the city up
as cool, classy and
supremely creative

About IH Bristol

Established in 1987, our two centres are located in Clifton - one of Bristol's most popular and elegant areas, which is also home to the University of Bristol.

Mainly residential, Clifton also has a huge variety of shops and restaurants. It's a safe and friendly environment and there's a definite "student vibe" in the air.

The city centre/harbour is a 15-minute walk. There are also frequent bus services to all parts of Bristol.

The school has a warm and friendly atmosphere and is fully equipped with comfortable seating, interactive SMART boards, computers & free wi-fi access.

Outside of class, students can make use of a small kitchen and a large multi-purpose students' room. The students' room opens directly onto a private garden - ideal for summer barbecues, parties and outdoor activities.

Homestay Accommodation

Most of our students stay in homestay accommodation with a British host family. This allows you to share family meals and experience English culture first hand

OUR HOMESTAY LOCATIONS

Our homestay hosts are families, couples and single people. We have chosen them for you because they have clean, comfortable homes near the school and they offer a friendly welcome to our students. We want you to feel like one of the family. This is a great way to help you practise your English naturally. We visit all our hosts regularly to make sure the accommodation they offer is of the highest standard.

When you arrive, your host will show you how to get to school on the first morning. Most hosts live within 20-30 minutes of the school on foot or by public transport.

Homestay hosts provide two meals a day, included in the price of your accommodation. You have a private bedroom with somewhere to put your clothes, and a table to work at. Breakfast is provided daily, and you will have evening and weekend meals together with members of your homestay. Self-catering homestay accommodation, where you live with a host but buy and cook all your food, is also available. This is a little cheaper. We never put two students who speak the same language in the same home (unless requested), so you will have plenty of opportunity to practise your English and get to know more about the British way of life.

**I really love my host.

cooking and this
