

Language Programmes for Families

A Holiday of
Education
and Culture

Combine a family holiday with English language lessons

Our English Language Family Programmes have been designed for parents and their children, grandparents and their grandchildren, uncles/aunts and their nieces or nephews. This is an ideal opportunity for those who wish to spend time together and combine an English language course with a wonderful family holiday in Ireland. It is a time to bond, improve your English, immerse yourself in a new culture and make friends from all over the world.

We are proud about the fact that many families come back to us year after year or tell their friends about us. While the parent(s), grandparent(s) etc and children aged 18+ participate in our General English Group Course Intensive, children aged 6 to 10 attend the **Cool Kids Course** and children aged 11 to 17 attend the **Keen Teens Course**.

A language course abroad is the best way to master a language. Children absorb a new language quickly and broaden their minds while learning together with children of other parts of the world.

The schedule of the courses for all family members are coordinated so that you are all in class at the same time and may meet up at break times.

Our youngest students learn English through a variety of child-centred, fun-filled activities under the expert supervision of fully qualified teachers. Activities include songs, roleplays, board games, arts, and drama. Courses are designed to keep your children interested and focused while having fun at the same time. They learn English together with other young students from different parts of the world. The focus of the Cool Kids Course is on conversation practice. It is important to us that our young learners gain confidence in understanding and using the English language and that they enjoy it.
