Hear it from our Job Club student ...

"I decided to study in Perth as I was looking for a something different to my home town of Tokyo. I liked the idea of a smaller capital city with a nice community and made the choice to come to Perth. To help me by guaranteeing a job a decided to do Phoenix Academy's General English Course and Job Club Gold. After looking at my experiences they found a great job for me with friendly hours working at a Guest Service Clerk at Hostel called Beatty Lodge nearby to the school which is very similar to job I held back in Japan.

It has been an amazing experience as I have improved my English so much and made many new friends from all parts of the world. One thing I really like about the General English Course is the optional extra classes called Special Focus Studies where you choose what part of the language you need to work on most. I really enjoyed the Special Focus Classes on IELTS Preparation and Conversational English Practise as they helped me the most. I have also really enjoyed taking part in activities around Perth, it is a beautiful city and my favourite tour has visiting the historic Fremantle Prison, definitely visit there when you come to Perth!"

What is the Job Club Gold Guarantee?

If you lose your job through no fault of your own within the first 4 weeks of your placement, our work placement partner will arrange other interviews for you to obtain further employment.

If you lose your job because of a breach of the Job Club Gold Code of Conduct, it will be up to the discretion of our work placement partner as to whether you will receive further job assistance. An additional placement fee may be charged.

When will I start work?

You can expect to start work after a minimum of 6 weeks of study or at the end of your study period (WHV holders only).

What if I have a problem with my work?

Our work placement partner staff is available to help you with any problem you have with your work. Our work placement partner can speak to your employer on your behalf, should the need arise.

How much will I get paid?

This varies between employers and depends whether you are working direct for an employer or via a work contractor. Hourly rates are normally around \$20 (gross), depending on your age, sometimes more. However, in the country some seasonal work is paid via 'piece' rates. This means you are being paid for each vine/box/activity you complete and you may get paid less than the hourly rate indicated above, or more depending on how hard you work.

City Work

What kind of work will I do in the city?

To work in the city you must be available for a minimum three-month (12 -week) period.

For students on a working holiday visa this means that you must plan to stay in Perth and work for at least 12 weeks after you complete your studies at Phoenix Academy.

Only skilled positions in the areas of Hospitality and Administration are available for city placements. Skilled positions include: Chef, Bar Manager, Restaurant Manager, Duty Manager, and Hotel Manager.

Eligible applicants for skilled positions would need to provide evidence of suitability through qualifications and / or references in order to be considered.

What clothes should I wear to work?

For any position where you will be working with the general public you will need excellent grooming and a neat appearance to commence work duties. You should bring appropriate clothing for your preferred work option ie white shirt and smart black pants with enclosed shoes for hospitality work.

Country Work

What kind of work is country work?

The work you will do in the countryside depends on any previous work experience and skills you may have as well as how long you are able to commit to a position (within the requirements of your visa). Our students work in the country as fruit pickers, vine pruners, corn de-tasslers, cane pruners and farm labourers. Some students have worked on farm machinery in their home countries and are able to take on farm labouring jobs that involve operating tractors or harvesters.

How will I travel to the country?

There are a number of ways to travel to the country; either by bus or train, depending on the location of your work. You will need to cover the cost of travelling to your place of work. Sometimes employers offer to cover the cost of your transport, depending on how long you can commit to working with them. Country positions are usually full-time and sometimes accommodation and meals can be exchanged for labour. Once you are advised of your job placement you will also be advised of the approximate cost to travel to that location.

Where will I live?

If you are working in a remote location, lodgings may be available for rent at your place of work. Otherwise there will be hostel or backpacker accommodation available in the closest town. Prices vary and are charged on a nightly, weekly or monthly basis.

Will I be guaranteed a job in the country?

We can guarantee that our work placement partner will arrange work for you but it is ultimately the employer's decision about whether you are suited to the job. If your employer decides that things aren't working out, and as long as you have not breached the Job Club Code of Conduct, our work placement partner will find you another job for you.

Is it really hard work?

Yes, much of the work is physical labour and also repetitive and requires persistence and determination. Be sure to pay close attention to any information you are given by an employer about occupational health and safety. You may be working in hot, humid or cold conditions and you will need to have the correct clothing and footwear, as recommended by your employer.

Some employers can sell you clothing, footwear and equipment and buy it back from you at the end of your work contract. Once we have confirmed your work placement we will advise you of the type of work and the type of weather you will encounter so you can bring appropriate clothing with you. It is very important that you wear appropriate footwear.
