

PHOENIX JUNIOR PROGRAMS

Pathways to West Australian Schools & Holiday Programs

30 years
1989 - 2022

Perth, Australia

WELCOME TO PHOENIX ACADEMY

'We Care'

PHOENIX ACADEMY

Phoenix has been teaching and preparing children to enter primary and secondary schools for **30 years**. Our quality programs reflect modern teaching methodology concerning the education of children and teenagers.

The Junior Programs are taught in a specifically designed education setting where **care and concern for welfare is paramount**. Our students enjoy the ambiance of our garden campus setting which is located close to public transport and within a short distance of the city and homestays.

The five **Learning Outcomes** of Phoenix's Junior Programs are designed to include an integrated approach which captures the complex learning development of children.

The following broad outcomes have been identified:

- ❑ Children have a **strong sense of identity**
- ❑ Children **relate to and contribute to their world**
- ❑ Children have a **strong sense of well being**
- ❑ Children are **confident and involved learners**
- ❑ Children are **effective communicators**

Homestay Experience pg 8

The Western Australian education system is **world class**. In Perth, a city of just over 2 million, there are five universities one of which is a Go8.

The k-12 education framework offers parents a choice of outstanding **government** and **non-government** schools.

The government schools are all co-educational and all follow the national curriculum.

The non-government schools are independent schools that offer a choice of a single sex or co-educational environment and day attendance or a boarding option.

Government and non-government schools equally enjoy high status in achieving outstanding results in the university **ATAR** (*Academic Tertiary Admission Rank*).

Most schools offer a specialisation stream such as Science and Math, Arts and the Humanities, Languages and Sports. Some parents choose a school according to their child's special interests or talents. Most parents however choose a school according to the area where they reside.

THE K-12 EDUCATION FRAMEWORK

Kindergarten to Year 4	Junior Primary
Years 5 - 6	Upper Primary
Years 7 - 10	Middle School
Years 11 - 12	Senior Secondary

During years 11 and 12 students prepare for their **WACE** (*Western Australian Certificate of Education*). At the end of Year 12 students sit for their final examinations and their final ATAR result is determined through the combination of their continuous assessments achieved during years 11 and 12 and the results in their final examination (50/50).

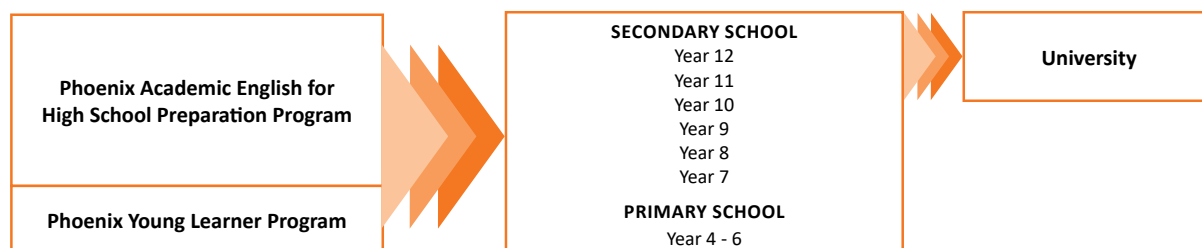

There are however many ways to enter university in Australia and entry through the final examination system (ATAR) now only accounts for 50% of the students entering university. Other avenues that are becoming popular are through a Pathway Program in a non-secondary provider, through the WACE Certificate only or through a portfolio.

HIGH SCHOOL YEAR

HIGH SCHOOL PREPARATION

The Phoenix High School and Young Learners Programs have been created to prepare children between the ages of 6-17 years for the specialised and advanced language and academic skills required in mainstream primary or secondary school settings.

The Phoenix Junior programs are specifically designed to achieve the following broad aims:

- To increase the children's **understanding and use of English**
- To encourage children to participate in **cultural activities** to develop their understanding of Australian Society
- To increase children's' confidence to enable them to participate in **social and academic** situations
- To help the children develop an understanding of how they learn best and **encourage autonomous learning**
- To encourage **collaborative learning**
- To **enhance language learning** through song, music, play and performance
- To **develop motor skills**

THE CURRICULUM

The Junior Programs at Phoenix are organised around the four-macro skills of **speaking, listening, reading and writing** and their application in academic environments.

Furthermore, all programs consider the areas of study that our students will specialise in, social skills, language learning strategies and school life.

This approach is intended to be **holistic in nature** and endeavours to paint the "big picture" for children entering mainstream school.

Cross Curriculum areas in social science, STEM and physical education are also taken into consideration as a basis for future learning and competence in life.

Consistent with the philosophy of Phoenix, the **spiral approach to teaching** is used. This method involves constant repetition and practice of the various skills, strategies and approaches necessary for mainstream Primary and Secondary school preparation.

"The objective of the Phoenix Academic English for High School Preparation Program is to prepare students to enter secondary and primary education in Australia."

THE EXPERIENCE:

Young Learners have a desire that their learning be clearly relevant and applicable. They have neural plasticity which means that they are open to new ideas and are prepared to be active and to take risks.

These young learner needs are met by:

- Practically based delivery sessions that are very active
- Open feedback sessions in which student views are highly valued by teachers and fellow students.
- Course delivery which is a combination of verbal instruction and visual input through printed material, video/web-based materials and simulated practice meets the needs of audio, visual and kinesthetic learners.
- Modern technology such as eBoards which feature in all classrooms and their usage is integrated into all lessons
- Intensive study of English Language - grammar and language functions
- English language training in secondary school skill areas related to High School subjects
- Reading and Note Taking strategies and skills
- Essay Writing Skills
- Oral Communication and Listening Skills
- IT Studies, Media Studies , Drama
- Critical Thinking and Problem Solving Skills
- Australian History & Culture
- Study skills, research skills, speed reading, writing reports and assignments
- Small classes
- Full recreation program

A range of sporting/cultural excursions are organised by the school during class-time to facilitate students' understanding of Australian society and prepare them for integration into an Australian mainstream school environment.

Tuoran from China completed the Phoenix High School Preparation English for entry to year 10 at Churchlands Senior High School in 2010. Since then, he has completed a Bachelor of Arts, majoring in Mass Communication and Marketing at Curtin University and a Master in Social Work at UWA.

Term 4	14 Oct	2 Feb	14	12 Oct	31 Jan	14	11 Oct	28 Jan	14

Note:

Students are expected to complete at least one term of study.

Students may commence study on any Monday, however should complete their study at one of the exit dates.

ENGLISH ENTRY REQUIREMENTS:

All high school students are expected to prove their current English level (eg Cambridge 'O' or 'A' Level; IELTS; TOEFL etc). Students unable to do so must complete the **iPEPT (Internet based Phoenix English Proficiency Test)** English Assessment which is available through Phoenix Academy or through selected Education Agents.

All students having completed a Phoenix English course (and Direct entry students) must meet mandatory English levels as per the 'Phoenix Academy Academic Levels' chart.

Students will normally be required to complete a minimum of one term of study before becoming eligible for graduation to an academic program at a high school or primary school.

INTERNET BASED PHOENIX ENGLISH PROFICIENCY TEST (IPEPT)

The Internet-based Phoenix English Proficiency Test (iPEPT) is an innovative internet-based test that measures Grammar, Vocabulary, Writing, Reading and Listening.

- Test Results within 48 hours.
- Gives an accurate English level relative to IELTS, TOEFL, CEFR and others.
- Estimates how many weeks English required to enter mainstream school

Niko was a star student in our High School Preparation class in 2010.

Since graduating, Niko went on to study Neuroscience at UWA and then Occupational Therapy at Curtin University.

SCHOOL PLACEMENTS

- Students and their families are counselled in order to find the right school to suit their needs
- Phoenix Academy applies to the preferred school on receipt of the student's academic transcripts
- A Letter of Offer is sent to the student
- Progress English reports are sent to the families and School every twelve weeks and on completion of the course
- When the time comes to enter secondary education, Phoenix Academy assists the student by arranging a visit to the school to meet the Principal and helping to select subjects, purchase text books and uniforms

SOME WEST AUSTRALIAN SCHOOLS

INDEPENDENT BOYS SCHOOLS:	INDEPENDENT GIRLS SCHOOLS:	INDEPENDENT SCHOOLS (CO-ED):	GOVERNMENT SCHOOLS:
Wesley College	Methodist Ladies College	Aranmore Catholic College	Mt Lawley Senior High School
Scotch College	Presbyterian Ladies College	Kennedy Baptist College	Carine Senior High School

Hale School	Penhros College	St Andrew's Grammar	Canning College

- High School Exchange Program can be arranged on request. Please contact the registrar.

Phoenix Registrar
 Ms Jessica Gorman
 has been managing all high school placements at Phoenix for more than 20 years. Jessica's experience and advice on the most appropriate school is important in achieving the best outcomes for students and families.

High School Preparation	
Course Length:	2 to 48 weeks
Hours/week:	23 hours face to face
Commencements:	Start any Monday
Class Size:	Average 15 students/class
Ages:	Ages 11 to 17 years
Accommodation	<ul style="list-style-type: none"> • Homestay (subject to availability) • Beatty Lodge (accompanied by parent)

HOMESTAY

Phoenix Academy is renowned for its wide range of services, especially for younger students. Phoenix Academy can help with High School Placements, guardianship, accommodation, the student's welfare counselling, orientation and even offer assistance in setting up a bank account!

ACCOMMODATION

Phoenix Academy carefully selects an Australian homestay family for the student to stay with while they participate in the Academic English for High School Preparation Course. Once the student enters secondary education, the school will usually find a new family.

Homestay accommodation is highly recommended. Immersion in the English Language and culture through staying with an Australian family will greatly enhance the student's English language development.

All homestay families are accredited by Phoenix:

- ✓ personally inspected and accredited by a Phoenix staff member
- ✓ current Working With Children Check (WWC)
- ✓ current National Police Clearance (NPC)

GUARDIANSHIP

Students aged under 18 years old are legally required to live with an approved guardian.

While studying at Phoenix Academy, the Academy together with the Homestay family will act as guardians for the student, however, once students enter mainstream education an approved guardian must be appointed. If students do not have a close friend or relative in Perth who is willing to act as a guardian, Phoenix Academy or the school can appoint a guardian for the student.

STUDY TOURS

GROUP STUDY TOURS

are a great way to combine intensive English language with sightseeing. We offer complete packages to schools, colleges, universities, corporate clients and agents. Quotations and sample programs are available on request.

- Available all year round.
