English & Volunteering Programme

Volunteering experiences for English Language Students

In a post-Brexit UK, we still have great opportunities to help you improve your English language skills in a professional environment.

How? The new "Visit visa" (replacing the former Short term Study visa) gives all nationalities travelling to the UK the right to attend a volunteering experience in a registered charity for up to 30 days (six weeks).

Twin will provide students with a letter of invitation to study that allow EU Nationals access upon arrival. Non-EU students can use this letter in support of their visa applications.

! Please note: from Friday 1st October 2021 EU nationals will need a passport to enter the UK (ID cards will not be accepted)

A great opportunity to complete an English language course while giving something back to the community. Improve your vocabulary, meet new people and make new friends.

Improve your employability skills through volunteering

We have put together two well-rounded programmes that meet the current visa regulations. They combine Volunteering Experience with English lessons so you can learn English and practice your new skills in a professional setting.

Boost your career prospects

Volunteering can have many benefits for your future career options, which make it well worth considering. It is a great way to gain practical experience and improve your CV, making you more attractive to future employers.

By combining English courses with volunteering, you can make new friends and build your confidence. You will also increase your communication, customer service, teamwork and problem-solving skills. Not only will you be making a difference, but you'll also receive a Twin Certificate of Achievement after successfully completing the course.

Volunteering in a professional environment

All students holding a Visit visa can volunteer within a registered charity or voluntary sector organisation. It is a great opportunity for international students improve their employability skills, to meet local people, practice their English skills and develop new professional skills and knowledge.

We have two programmes available:

English & Volunteering Taster Programme

The Taster programme is available in London and Eastbourne and students will help out at a local charity shop, sports event or arts festival.

English & Volunteering Programme

Students will work in a registered charity in London in either Administration, Marketing, Accounts or Fundraising.

It is important to note that while students with a Visit visa can volunteer, they cannot do 'voluntary work'*.
